11. Repeat alternately until the end of the row.

12. Ch 1 and turn .

13. Sc the rest of the row.

14. Repeat rows 2-3 a total of 17 times.

**Guide – How to crochet the bag together:**

This is the front of your work. It's the side where you alternated between sc and sc tbl.

This is the back of your work where you sc normally.

1. Lay out your work with the back turned upwards.

2. Fold as shown in the picture above.

3. About 11 rows are folded over.

4. Turn your work over.

5. Time to crochet the bag together. Start in the bottom right corner.

6. Sc along the edge through both layers.

7. Continue approx. 11 rows up.

8. If you turn your work over, you'll see that the two sides are now crocheted together and you will continue to crochet round only through one layer.

9. Continue with sc until the top right corner.

10. To make a nice rounded corner, sc 3 into the same stitch.

11. Continue round until the top left corner.

12. Again, sc 3 into the same stitch.

13. Continue down the side until you reach the point where you need to crochet through two layers again.

14. Sc through both layers down the rest of the side.

15. Fasten ends.

16. Your bag is now ready to have the strap, button and magnet attached.

**Guide – Strap, button and magnet:**

1. Sew the magnet onto the bag making sure that they meet when you close the bag.

2. If you wish, you can sew a decorative button on the front.

3. Now you're ready to attach the strap.

4. Pull ribbon (double thread) through the chain.

5. Secure the end and the chain inside the bag as shown in the picture above.

6. Do this both sides, securing the ends well.

7. Your bag is now ready for use 😊

Enjoy 😊
