The body is worked back and forth on circular needles. The sleeves are worked in the round on double pointed needles or small circular needle. This means that you have a minimum of assembly, because you only need to sew the openings under the sleeves together.

NB! If you want to make a longer jacket, add an extra buttonhole in height before binding off for the armholes.

Continue until rib measures 5½ (6) 6 (6½) 6½ cm.

Switch to circular needles size 3½ mm / US 4 and continue in stockinette st with 9 front band st in rib on each side, and dec **at the same time** 30 st evenly between front bands in first row (applies to all sizes) = 249 (259) 269 (279) 289 st. Continue in stockinette st.

Bind off for the armholes in first WS row after making the 5th buttonhole as follows:

Continue in stockinette st and inc in the 6th round as follows: k1, pick up the thread between the 1st and 2nd st and k tbl (= inc), work until last st on round, pick up the thread between the second last and last st on row and k tbl (= inc), k1. Rep inc in every 6th round until you have a total of 80 (84) 88 (92) 96 st.

Work until piece measures 44 (45) 45 (46) 46 cm. In next round, bind off the first 4 and last 4 st on round (= 8 st in total). Put piece aside and work one more sleeve in the same way.

Slip sleeves on to the same circular needle as the body and as follows: right front piece, first sleeve, back piece, second sleeve and finish with left front piece = 377 (395) 413 (431) 449 st. Place one marker in each of the 4 transitions between sleeves and body. Work 3 rows back and forth. In next RS row work the first raglan dec around each marker as follows:

Work until 3 st before marker, SKP, k2 and k2tog.

Rep this dec in every 4th row a total of 0 (1) 2 (3) 4 times. Rep hereafter the raglan dec in every 2nd row until you still have to work 5 rows **before** making the 8th and last buttonhole (applies to all sizes). The last worked row was a RS row.
