Measurements: Approx. 7.5 x 4.3 inches
after felting

Tension:

13 st x 10 rows = 4 x 4 inches before felting

Supplies: Approx 70g for one.

Pattern:

Start by chaining 33.

1. In 2nd ch from the hook, hdc 1. Hdc 1 in each of the remaining ch. (32)
2. Ch 1 and turn. Hdc the rest of the row. (32)

Repeat row 2 until you have 31 rows. Fasten off and weave in ends.

Assembly:

1. Fold your work in half..

2. Now sew one side together using small stitches.

3. Like this. Weave in ends..

4. Repeat on the other side.

Felting:

Felting comes out differently depending on the machine so this is a guide only.

Wash the purse in the washing machine at 60 degrees on a normal wash (Not quick or short wash). If you don't think it's felted enough, then give it another wash. This one has been given a normal wash at 60 degrees (80 minute wash at 1400 revolutions per minute).

Shape it while wet to get it to how you'd like it to look. Leave to dry.

Before felting

After felting

Fitting the accessories:

1. Sew the zip in the opening. It's an advantage to use wonder clips to hold the zip in place.

2. Like this.

3. Sew on the d-ring from the wrist strap in one of the top corners.

4. Now fit the strap.

5. As a finishing touch you can add a little "Handmade" label.

Enjoy ☺

Best wishes Hobbii.com
