Purchase your yarn here:

<http://shop.hobbii.com/ribbon-c2c-tablecoaster>

Usage: Approx. 110g per piece

Measurements: Ca. 15 x 15 cm

Abbreviations:

Ch: chain stitch

St: stitch(es)

Sl st: slip stitch

Hdc: half double crochet

About this pattern

"C2C" - Corner to corner is worked with the following stitches: ch, hdc and sl st.
As the name also states, the pattern is worked from one corner to another.

"C2C" consist of little "squares". You inc on each row, which means that you get one more square for each row worked. The same goes for dec, where you get 1 "square" less for each row worked.

Pattern/Instruction:

Please note: you work the pattern with 3 strands – the instruction is made using one strand.

Increases

1. Ch 5. Work 1 hdc in 3 rd ch from hook and 1 hdc in each of the next 2 ch. You have now worked 1 "square".

2. Ch 5 to turn. Work 1 hdc in 3rd ch from hook and 1 hdc in each of the next 2 ch. Work 1 sl st in left hook of the first "square" on the first row. You have now worked 1 "square".

Ch 2 ch (= replaces 1 hdc) and 3 hdc in the same "hole" which was made with sl st and ch 2. You have now worked one more "square" and you have a total of 2 squares on your row.

3. Ch 5 to turn. Work 1 hdc in 3rd ch from hook and 1 hdc in each of the next 2 ch. Work 1 sl st in left hook on 1st "square" from previous row. You have now worked 1 "square".

Ch 2 (= replaces 1 hdc) and 3 hdc in the same "hole" which was made with sl st and ch 2. Work 1 sl st in left hook on 2 nd "square" from previous row. You have now worked one more "square" and you have 2 "squares" on your row.

Ch 2 (= replaces 1 hdc) and 3 hdc in the same "hole" which was made with sl st and ch 2. You now worked one more "square" and you have a total 3 "squares" on your row.

Repeat the rows and inc in each row until you have 5 squares.

Decreases:

You have finished increasing and the table coaster has the desired width. Now we continue with decreasing to make the square.

1. Turn. Work sl st along the side of the first "square". Ch 2 (= replaces 1 hdc) and 3 hdc. Work 1 sl st in top corner of the next "square".

Work entire row like this until the last "square".

When at the last "square" on the row, you finish as follows:
Ch 1 in the top corner of the next "square". You have now decreased 1 "square" on your row.

2. Turn and work sl st along the side of the first "square". Ch 2 (= replaces 1 hdc) and 3 hdc. Work 1 sl st in the top corner of the next "square".

Work row as described until the last "square".

When at the last "square" on the row, you finish as follows:

Ch 1 in the top corner of the next "square". You have now dec 1 "square" on your row.

Repeat the dec on each row until you have 1 "square" left on your row. Turn and work sl st along the side of this "square". Cut the yarn and weave in ends.

Attaching leather strap:

Cut your leather strap into pieces measuring 10 cm each. Punch through 2 holes in each end of the straps using a leather hole punch. Fold the strap around the table coaster and sew the strap on to the table coaster using 1 strand of Ribbon.

Enjoy 😊
