

## DIAMONDS PUFF SWEATER

No. 1006-191-4394

**Sizes:** S (M) L

**Measurements – Bust:** 88 (98) 108 cm

**Yardage:** Color A: 4 (5) 5 balls of Hobbii Amigo, Gray (color 8)  
Color B: 1 (2) 2 balls of Hobbii Amigo, Turquoise (color 22)  
Color C: 1 (2) 2 balls of Hobbii Amigo, Mint (color 29)

**Hook size:** 5 (H) mm

**Buy the yarn here:**

<http://shop.hobbii.com/diamonds-puff-sweater>

### **Gauge**

7 Puff Stitches = 10 cm ( 4 ")

8 Rounds = 10 cm (4")

### **Abbreviations used in this pattern**

ch - chain

sc - single crochet

Puff - puff stitch as explained above

Dec - decrease ( 2 single crochet worked together)

St (s) - stitch (es)

Sl st - slip stitch

Inc - increase (1 puff, ch 3, 1 puff)

Since you will choose the colors combination that you want, we will name the main color, A, the diamond's color turquoise B, and the Mint Color, C.

Let's start with the **Yoke**

Ch 72 (88, 104) and sl st to join the chain.

- *I made the collar at the end, but if you want you can start with the collar first. 2 rounds in puff st with color A, 1 round color B, 1 round color C, 4 rounds color A.*

### **About the Design**

This Diamonds Puff Sweater is worked top down with the Raglan technique.

Starting from the neck, we will work in rounds. First the yoke and then split the body of the sweater from the sleeves and work these 3 parts individually.

The pattern is written in US (continental) terms and is available for sizes S, M and L.

The Diamonds Puff Sweater has a closer fit, only 2 cm positive ease, without stretching the work.

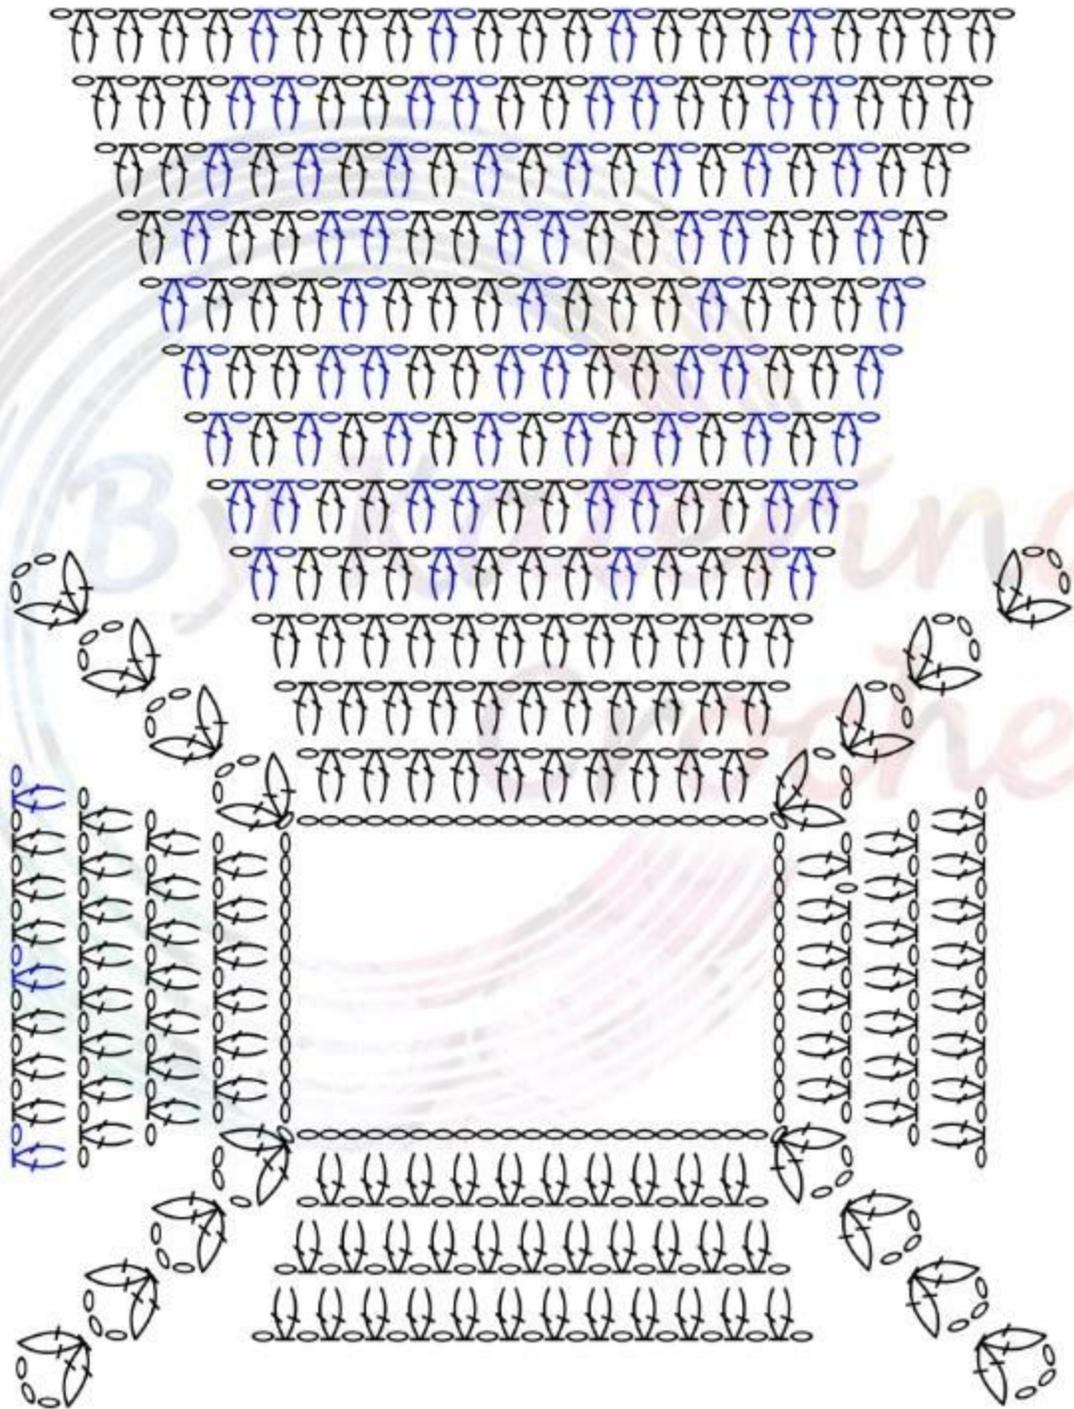

### ***About the puff stitch***

The Diamonds Puff Sweater is worked in Puff Stitch.

The puff stitch is a stitch in the cluster stitches category. Meaning that we will do a group of stitches to obtain the puff look.

[Yarn over, insert the hook through the stitch, yarn over pull out a loop] repeat 2 times. If you want you can repeat 3 times if you are working with a thinner yarn. Then yarn over and pull the yarn through all loops on your hook.

The stitch chart for the sweater is in the image bellow. In this chart is only a part of the yoke with the first set of diamonds.

## Round 1

With color A

Ch 1, 1 puff in the same st [ch1, skip 1, 1 puff in next]. Repeat the section until you have 5 (6 , 7) puff stitches. Ch 1, skip 1, 1 inc in the next st.

Continue working the sleeve, [ch1, skip 1, 1 puff in next]. Repeat the section until you have 6 (8, 10) puff stitches. Ch 1, skip 1, 1 inc in the next.

Now, working the front [ch1, skip 1, 1 puff in next].

Repeat the section between [ ] until you have 10 (12, 14) puff stitches. Ch 1, skip 1, 1 inc in the next.

Now repeat the section for the sleeve.

After the last increase, finish the round, working 5(6, 7) more puff stitches to complete the back side.

Finish the round with 1 puff st in the st before the last one, ch 1, skip the last stitch and join with the 1st puff.

## Round 2-3 ( 2- 5, 2-7)

Repeat round 1.

## Round 4 (6, 8)

The next 9 rounds will be the same for all sizes, the only difference being that we will have more stitches on each section with each size and the round will start a little bit different.

To be sure with which color you will have to start, count from the stitch before the inc. This one has to be in color B. Then count back, 3 puffs with A, 1 puff with B and so on until you get to the starting stitch.

Size S - Start with 1 puff with color B in the first ch 1 space

Size M - Start with 3 puff sts with color A in the first 3 ch 1 spaces.

Size L - same as Size S.

The pattern for this round will be 1 puff stitch with color, B, 3 puffs with color A and repeat until the first corner (the ch 3 from the previous round inc). In the corner, change to color A and make the inc. Then change to color B and repeat the pattern 1 puff with B, 3 puffs with A until you get to the next corner.

Work like this for the entire round.

Finish the round with

**Size S** - 3 puff sts with A

**Size M** - 1 puff with B

**Size L** - same as size S

## **Round 5 (7, 9)**

**Size S** - start the round with 1 puff with color B in the first ch 1 space, 2 puffs with A in the next 2 spaces.

**Size M** - start the round with 2 puff sts with color A in the first 2 ch 1 spaces.

**Size L** - Same as size S

Continue with 2 puffs with B, 2 puffs with A until you get to the corner. In the corner increase and then continue working the same to the end of the round.

The round will finish:

**Size S** - 1 puff with color B

**Size M** - 2 Puff sts with color B

**Size L** - same as size S

### Round 6 (8, 10)

Start the round:

**Size S** - 1 puff st with color B in the first ch 1 space, 1 puff with color A in the next

**Size M** - 1 Puff st with color A in the first space, 1 puff with color B in the next one.

**Size L** - same as size S

Continue alternating one puff with B, one with A until you get to the corner. Increase in the corner, then continue working the same on each side to the end of the round.

Finish the round:

**Size S** - with 1 puff with A, ch 1 with B and join with a sl st.

**Size M** - 1 puff st with color B, ch 1 with Bn join with sl st

**Size L** - same as size S

### Round 7 (9, 11)

Start the round

**Size S** - 1 puff with B in the first 2 ch spaces, 1 puff with A in the next 2

**Size M** - 1 puff with B in the first ch 1 space, 1 puff with A in the next 2

**Size L** - same as size S

Alternate 2 puffs with B, 2 with A, until you get to the corner. Before the corner you will make 1 puff with color B and then increase in the corner with color A.

Continue with 1 puff with B in the space after the corner, then alternate 2 puffs with A, 2 with B. Work the same to the end of the round.

Finish the round with

**Size S** - 2 puff sts with A

**Size M** - 1 puff with B

**Size L** - same as size S

### **Round 8 (10, 12)**

Start the round

**Size S** - 1 puff with B in the first space, 1 puff with A in the next 3 spaces

**Size M** - 1 puff with A in first 3 spaces, 1 puff with B in the next.

**Size L** - same as size S

Continue working 1 puff with B, 3 puffs with A until you get to the corner. In the corner increase with A, and then continue working the same combination as before to the end of the round.

Finish the round with

**Size S** - 3 puffs with A. Join with a sl st.

**Size M** - 1 puff with B

**Size L** - same as size S

### **Round 9 (11, 13)**

Start the round

**Size S** - 1 puff with B in the 1st space, 2 puffs with A in the next 2.

**Size M** - 1 puff st in the first 2 ch 1 spaces, 1 puff st with B in the next 2

**Size L** - same as size S

Continue with the pattern to the corner. Before corner make 1 puff with B, 1 puff with A and increase in corner. After corner 1 puff with A, 1 puff with B, then continue with 2 puffs with A, 2 puffs with B. Repeat working the same with each section to the end of the round.

Finish the round

**Size S** - with 1 puff with B and sl st.

**Size M** - with 2 puff sts with B

**Size L** - same as size S

### **Round 10 ( 12, 14)**

Start the round

**Size S** - 1 puff with B in the first space, 1 puff with A in the next.

**Size M** - 1 puff with A in the first space, 1 puff with B in the next

**Size L** - same as size s

Continue to the corner. Before and after the corner you will make 2 puffs with A, and then make the increase. Proceed the same way with each section.

Finish the round with

**Size S** - 1 puff with A, ch 1 with B and sl st.

**Size M** - 1 Puff with B

**Size L** - same as size S

### **Round 11 (13, 15)**

Start the round with

**Size S** - 1 puff with B in the first 2 spaces, 1 puff with A in the next 2.

**Size M** - 1 puff with B in the first space, 1 puff with a in the next 2 spaces

**Size L** - same as size S

Continue with the pattern to the corner. Before corner make 3 puffs with A in the last 3 spaces before corner. Increase, and then continue with 3 puffs with A in the first 3 spaces after the corner. Then continue alternating 2 puffs with B, 2 puffs with A to the next corner. Proceed the same way with each section.

Finish the round with

**Size S** - 2 puffs with A in the last 2 spaces, Ch 1 with B and sl st.

**Size M** - 1 puff with B in the last space

**Size L** - same as size S

## Round 12 (14, 16)

Start the round with

**Size S** - 1 puff with B in the first space, 3 puffs with A in the next 3 spaces.

**Size M** - 1 puff with A in the first 3 spaces, 1 puff with B in the next

**Size L** - same as size S

Continue with the pattern to the corner. Before corner, make 4 puffs with A, in the 4 spaces before corner, inc and then make 4 puffs with A in the first 4 spaces after the corner. Repeat to the end of the round.

Finish the round with

**Size S** - 3 puffs with A in the last 3 spaces. Join with a sl st.

**Size M** - 1 puff with color B.

**Size L** - same as size S

And the first set of diamonds is done.

Now we will continue only with color A until we will finish the yoke.

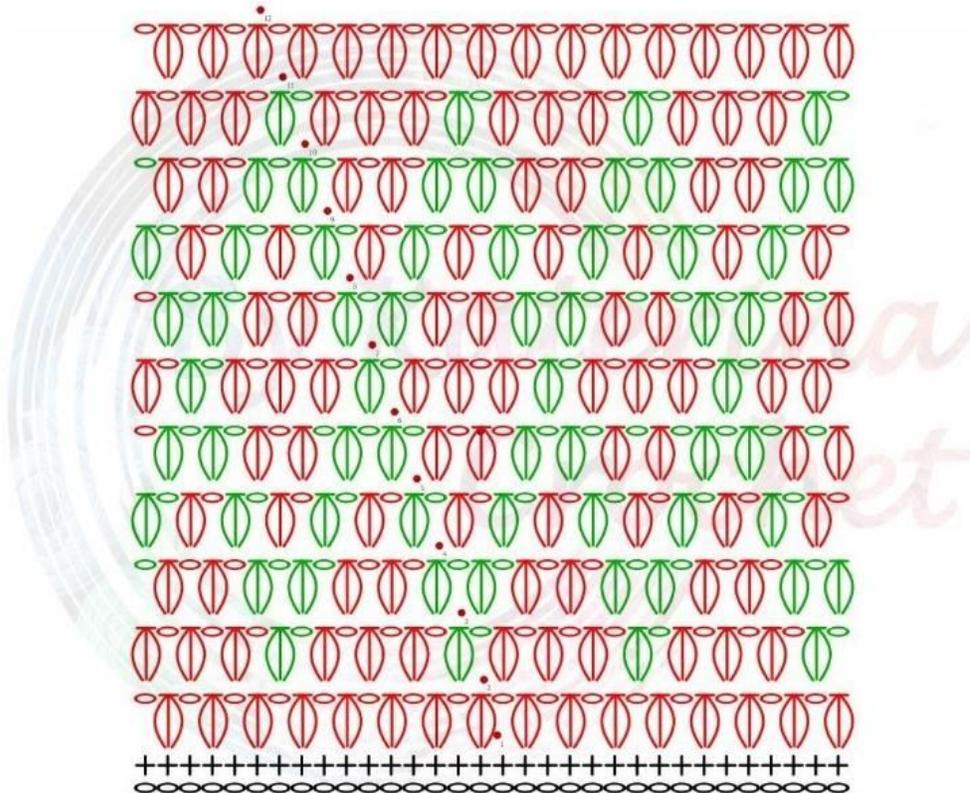

## Rounds 13 - 19 ( 15 -21, 17-23)

1 puff stitch with A in each space to the corner. Increase in corner and continue with 1 puff in each stitch to the next corner. Work in the same way to the end of the round.

## The Body

The stitch chart for the body is in the image below.

We will start to count the rounds again from 1.

The pattern for the body of the Diamonds Puff Sweater is the same for all sizes, only different number of stitches.

Let's begin

### **Round 1**

The separating round

We are working in the main color, color A

1 puff in each space to the corner, 1 puff in the corner, skip the stitches for the sleeve and make 1 puff in the next corner. Continue with one puff in each space until you get to the next corner and here proceed the same way, 1 puff stitch in the corner; skip the sts for the sleeve, one puff stitch in the last corner.

Then continue working 1 puff in each space to the end of the round. Sl st.

At the end of this round you should have in total for the body of the Diamonds Puff Sweater 60 (68, 76) puff stitches.

If not, is not a problem. On the next round you can adjust the number of puffs by adding more. You can increase by making more puff stitches in the same space at the armpit

(where you made the join)

Remember that for the next section of diamonds you will need a multiple of 4 puff stitches.

## **Round 2**

This will be the round in which you will adjust the number of puff stitches to have multiple of 4.

According to my pattern you should have a multiple of 4, so on this round just make 1 puff stitch in each space around.

## **Round 3**

We will start making the second set of Diamonds. Because we don't have to increase anymore the rounds will be a little different from the yoke part, but I'm sure that after making the yoke this part of the Diamonds Puff Sweater will be so easy for you.

We will work now with color A and C.

Join color C

1 sc in the 1st ch 1 space, 1 puff with color C in the same space,[ ch 1 with color A, 1 puff with color A in the next 3 ch 1 spaces. Ch 1 with color C, 1 puff with color C in the next space].

Repeat the section between [ ] to the end of the round, alternating 3 puffs with color A, one with color C to the end of the round.

The round will end with 3 puffs in color A, ch 1 with color C and sl st with the 1st puff.

#### **Round 4**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the same space, [ch 1 with color A, 1 puff with color A in the next 2 ch 1 spaces, ch 1 with color C, 1 puff with color C in the next 2 ch 1 spaces].

Repeat the section between [ ] to the end of the round, alternating 2 puffs with color A and 2 with color C. The round will end with 1 puff in color C, ch 1 and sl st with the 1st puff.

#### **Round 5**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the same space, ch 1, 1 puff with color C in the next ch 1 space, [ch 1 with color A, 1 puff with color A in the next 2 ch 1 spaces, ch 1 with color C, 1 puff with color C in the next 2 ch 1 spaces].

Repeat the section between [ ] to the end of the round, alternating 2 puffs with color A and 2 with color C. The round will end with 2 puffs in color A, ch 1 with color C and sl st with the 1st puff.

#### **Round 6**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the first 2 ch 1 spaces, [ch 1 with color A, 1 puff with color A in the next 2 ch 1 spaces, ch 1 with color C, 1 puff with color C in the next 2 ch 1 spaces].

Repeat the section between [ ] to the end of the round, alternating 2 puffs with color A and 2 with color C. The round will end with 1 puff in color A, ch 1 and sl st with the 1st puff.

#### **Round 7**

1 sc with color C, 1 puff st with color C in the same ch 1 space, [ch 1 with color A, 1 puff with color A in the next 3 ch 1 spaces, ch 1 with color C, 1 puff stitch with color C in the next ch 1 space].

Repeat the section between [ ] to the end of the round, ending with 1 puff with color A in the last 3 spaces, ch 1 with color C and sl st with the first puff.

#### **Round 8**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the same ch 1 space, [ch 1 with color A, 1 puff with color A in the next 2 ch 1 spaces, ch 1 with color V, 1 puff with color C in the next 2 ch 1 spaces].

Repeat the section between [ ] to the end of the round, alternating 2 puffs with color A and 2 with color C. The round will end with 1 puff in color C, ch 1 and sl st with the 1st puff.

### **Round 9**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the same ch 1 space, [ch 1 with color A, 1 puff with color A in the next ch 1 space, ch 1 with color C, 1 puff with color C in the next ch 1 space].

Repeat the section between [ ] to the end of the round, alternating 1 puff with color A and 1 with color C. The round will end with 1 puff in color A, ch 1 with color C and sl st with the 1st puff.

### **Round 10**

1 sc with color C, in the next ch 1 space, 1 puff with color C in the same ch 1 space, ch 1, 1 puff with color C in the next ch 1 space, [ch 1 with color A, 1 puff with color A in the next 2 ch 1 spaces, ch 1 with color C, 1 puff with color C in the next 2 ch 1 spaces].

Repeat the section between [ ] to the end of the round, alternating 2 puffs with color A and 2 with color C. The round will end with 1 puff in color A, ch 1 with color C and sl st with the 1st puff.

### **Round 11**

1 s in the 1st ch 1 ch 1 space, 1 puff with color C in the same ch 1 space, [ch 1 with color A, 1 puff with color A in the next 3 ch 1 spaces. Ch 1 with color C, 1 puff with color C in the next ch 1 space].

Repeat the section between [ ] to the end of the round, alternating 3 puffs with color A, one with color C to the end of the round.

The round will end with 3 puffs in color A, ch 1 with color A.

And the second set of diamonds of our Diamonds Puff Sweater is done. You can continue to add more if you want. On my sweater this was the last one.

Now we will continue working on the length of the sweater.

As I said if you want you can add another set of diamonds or just follow my pattern.

***Rounds 12 - 20***

1 puff stitch with color A in each ch 1 space

***Round 21***

1 puff stitch with color B in each ch 1 space

***Round 22***

1 puff stitch with color C in each ch 1 space.

***Rounds 23 - 31***

1 puff stitch with color A in each ch 1 space.

If you want to adjust the length of the sweater just add or make less rounds on the section after the second set of diamonds.

## **Sleeves**

### **We will make 2**

The sleeves will be worked in the same way and with the same pattern as the body, at least until we finish the second set of diamonds.

We will start from the armpit. Insert the yarn and hook in one ch 1 space from the armpit.

Remember on the body, before we started the diamonds, we made 2 rounds in color A, one the separating round and one more.

Well, we will start the sleeves the same way.

### ***Rounds 1***

1 puff stitch with color A in each ch 1 space.

### ***Round 2***

On this round we will have to count the puff stitches that you have and to adjust the number of puff stitches to have a multiple of 4. Make the increase (2 puff stitches in the same ch 1 space) at the armpit.

Starting with round 3 we will start to make the diamonds and for 9 rounds just repeat the pattern you used for the **body**, meaning you will repeat round 3-11 from the body section.

Ok, now that you finished the diamonds we can start to work on the length of the sleeve.

I choose a 3/4 length, but you can make it longer if you want.

To make the sleeve as I did, after the diamonds, work with color A more rounds with 1 puff stitch in each ch 1 space.

*\*the picture above is for a child size*

If you want to have a longer sleeve you can follow the same pattern as for the body.

After you are done with the length, we will work 2 more rounds to just make the sleeve more tight.

We will decrease on the first of the 2 rounds by working 2 single crochet together all around.

On the next round we will work 1 decrease ( 2 single crochet together) and 1 single crochet in the next stitch. Repeat all around.

And one sleeve is done. Repeat the same with the second one.

### **Collar**

The collar is not mandatory and again, you can make it as you wish. I made 8 rounds.

First 4 rounds worked with color A, then 1 round with color B, 1 round with color C and 2 more rounds with color A.
