Pattern information
The edge of the neck is knitted so the ridges are in continuation of each other. Work 3 knit stitches for the edge on each row.
You increase after and before the edges and you increase on each side of the middle stitch every 2nd row.

The increases are yarn around needle on the purl row and they are knitted knitwise and through the back loop respectively on the knit row. This provides an even middle stitch throughout the work.
The pattern consists of various pattern charts.

Abbreviations and explanations:

1 increase through the back loop: Knit the horizontal loop between the stitches through the back loop.

1 increase: Knit the horizontal loop between the stitches knitwise.
