43/44 (45/46))

Foot length:

Approx.. 8.7 (9.4) 10.2 (10.6) 11 (11.4) inches
(22 (24) 26 (27) 28 (29) cm)

Abbreviations:

ss: slip stitch

s: stitch

sts : stitches

tog: together

ch: chain stitch

hdc: half double crochet

Slipper – Crocheted in Woolpower using hook size J/10 - L/11 (7mm).

Leg: Ch 58 (60) 62 (66) 70 (70) and turn by chaining 1.

Turn each row with 1 ch.

Work hdc until the work measures approx. 4.7 (5.1) 5.5 (5.9) 6.3 (6.7) inches (12 (13) 14 (15) 16 (17) cm). The first hdc is crocheted in the 2nd ch from hook.

Slit: work 1 ss in the next 11 sts , work hdc until you have 11 sts left, turn by chaining 1 = 36 (38) 40 (44) 48 (48) sts.

Foot: Crochet approx. 5.9 (6.3) 6.7 (7.1) 7.5 (7.9) inches (15 (16) 17 (18) 19 (20) cm) straight up = approx. 10.6 (11.4) 12.2 (13) 13.8 (14.6) inches (27 (29) 31 (33) 35 (37) cm) in total.

Toe: work (2 sts tog) till the end of the row = 18 (19) 20 (22) 24 (24) sts.

Next row: work 0 (1) 0 (0) 0 (0) sts, then work (2 sts tog) till the end of the row = 9 (10) 10 (11) 12 (12) sts.

Next row: work 1 (0) 0 (1) 0 (0) sts, then (2 sts tog) till the end of the row = 5 (5) 5 (6) 6 (6) sts.

Cut the yarn.

Grafting: please view the instructions at the end of the pattern.

Sew the toe shut.

Graft from the toe to the slit.

Graft from the middle of the back of the cast on edge until you have 2 inches (5 cm) left .

Fold the hole “across” and graft, so a heel is created.

Crochet one more slipper.

Felting:

Put the slippers in the washing machine and wash at 104 °F (40 °C). If you like, add a ball or a towel to the washing machine as well.

NOTE: Felting varies from machine to machine. You can choose to wash/felt the slippers one more time at 104 °F (40 °C), if they haven’t been felted enough.

The ones shown here have been washed 2 times at 104 °F (40 °C) in the machine and then they have been shaped and expanded by the foot itself. You can also use paper while the slippers are still wet, so they dry and get their shape at the same time.

1. Now, it should look like this.

2. Fold the piece together as shown above.

Instructions – Grafting the foot:

1. Graft the toe, and then sew from the toe to the slit. Sew through a loop on one side and then through the other loop on the other side.

2. Repeat this until you end up at the slit. Cut the yarn and weave in the ends.

Instructions – Grafting the back edge:

1. The back edge is sewn together by stitching into the ch sts / the foundation chain of both pieces.

2. Continue until you have approx. 2 inches (5 cm) left. Fold the hole “across”.

Instructions - Grafting the heel:

1. Graft, so a heel is created. Cut the yarn and weave in the ends.

2. Ready for being washed.

3. Efter 2 x filtning i vaskemaskinen ved 40 grader.

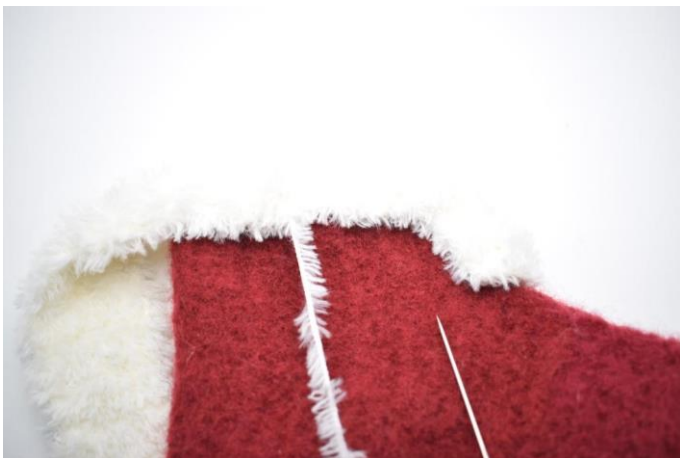

Fur edge:

Crocheted in Fake Fur using hook US size C/2 (3 mm)

1. Ch 11. In the 3rd ch from the hook, work 1 dc. Work dc till the end of the row. (9)
2. Turn by chaining 2 (replaces 1 double crochet). Work dc till the end of the row. (9)

Repeat row 2 until you have a comfortable length, so the edge is able to cover the entire edge of the slipper.

Fold the fake fur piece over the edge of the slipper and graft it all the way around. Cut the yarn and weave in the ends.

Happy crocheting ☺

Love Hobbii
