## Gauge

### Size 6

26 stitches = 10 cm  
32 rounds = 10 cm

### Size 7

24 stitches = 10 cm  
28 rounds = 10 cm

### Size 8

22 stitches = 10 cm  
24 rounds = 10 cm

## Pattern Information

The mittens are worked bottom up on circular needles, using the Magic Loop-technique. Finish by working the thumb.

You can choose to work the diagram with 2 or 3 colors. If you only work with 2, then you can embroider the 3<sup>rd</sup> color (dark brown) on to the mitten in the end.

## Wrist Rib

CO 44 stitches with color **B** and the small circular needle. Work 4 cm rib \*knit 1, purl 1\*.

## Hand

Change to the larger circular needle and work in the round according to diagram 1 and 2. Increase for the thumb using color **B** after 7 rounds. The thumb is only worked in color **B**.

## Increase

### Right mitten

Increase for the thumb around the 1<sup>st</sup> stitch at the beginning of diagram 2.

Row 1: yarn over, knit 1, yarn over = 3 stitches

Row 2: work according to diagram, working the yarn over knitwise TBL

Row 3: yarn over, knit 3, yarn over = 5 stitches

Row 4: work according to diagram, working the yarn over knitwise TBL

Row 5: yarn over, knit 5, yarn over = 7 stitches

Row 6: work according to diagram, working the yarn over knitwise TBL

Row 7: yarn over, knit 7, yarn over = 9 stitches

Row 8: work according to diagram, working the yarn over knitwise TBL

Row 9: yarn over, knit 9 yarn over = 11 stitches

Row 10: work according to diagram, working the yarn over knitwise TBL

Row 11: yarn over, knit 11, yarn over = 13 stitches

Row 12: work according to diagram, working the yarn over knitwise TBL

Slip the 13 thumb-stitches on to a stitch holder or thread. In next round, CO 1 new stitch above the thumb-stitches.

Divide the stitches, so you have 22 on each half of the mitten. Divide the stitches, so the new stitch is the first stitch on the right mitten and the last stitch on the left mitten.

Continue working according to diagram until piece measures 18 cm, after the rib.

## Decrease

Insert a marker around the stitch in color **B** in the middle of the diagram. Decrease by knitting 1 stitch in color **B** together with 1 stitch from the diagram, repeat on each round 9 times = 8 stitches. See diagram.

Begin working the round as follows: knit 2 together, continue in knit stitches until 2 stitches remain before marker, knit 2 together TBL, knit 2 together, continue in knit stitches until 2 stitches remain before marker and knit 2 together TBL.

Break yarn and pull through remaining stitches, tighten and fasten off.

## Thumb

Place the stitches from the thumb back on to the needle. Pick up 3 stitches with color **B** along the edge and work the thumb in the round until it measures 4,5 (5) 5,5 cm.

**Decrease**

Knit all stitches together 2 and 2. Break yarn and pull through remaining stitches, tighten and fasten off.

**Left mitten**

Work as right mitten but increase for the thumb around the last stitch in diagram 2.

Enjoy!
