### Guide - Assembly:

1. Place your work as shown in the picture.

2. Now place the ends together so that it forms a "knot". Place the right part over the left part so it overlaps half of the left.

3. Fold the other half of the left part (that isn't overlapped) over the right part.

4. Fold the other half of the right over the left.

5. Like this.

6. Sew the ends together through the 4 layers. Cut the yarn and weave in the ends.

6. Turn the stitching around to the wrong side of the work. There is a nice 'knot' assembled on the headband. 😊

Enjoy 😊
