The pillow is worked using the corner to corner method "C2C".
The pattern includes a diagram as well as a description of each row, so you can easily keep track of how many pixels/squares of each color you have to make. If there aren't given a number after the color, you only make 1 pixel/square of that color.

The arrows below show in which direction you work, relative to the RS. You begin in the lower right corner. We recommend that you weave in the ends as you go, so you don't have to deal will all the loose threads at the end ${ }^{\ominus}$

If you don't like keeping track of a large number of different skeins, you can make it easier by winding a part of the yarn onto a clothespin. Then you can simply clamp the corresponding colors to the work while not in use, to avoid them getting tangled up as you work.

Super Cute Design

## CORNER TO CORNER

## Row 1

1. Begin with ch 5 .

2. Make 1 dc in each of the next 2 sts. You have now made your first pixel/square.

3. Make 1 dc in the 3 rd ch from the hook.

## Row 2

1. Ch 5 .

2. Make 1 dc in each of the next 2 sts. You have now made your next pixel/square.

3. Make 1 dc in the 3 rd ch from the hook.

4. Now, the pixel is connected to the first one. Do this by turning the pixel and making 1 sl st into the left corner of the first pixel. The picture shows the connected pixels.

5. Ch 2 (takes the place of the 1 st dc )

6. Make 3 dc around the ch-sp you just made your sl st into. You now have 2 pixels on the second row.

7. Make 1 dc in the 3 rd st from the hook and then 1 dc in each of the next 2 sts.

8. Make 1 sl st into the corner of the pixel below.

9. Make a sl st into the pixel beside it. Ch 2. Work 3 dc into the ch-sp you made your sl st into. You now have 3 pixels and row 3 is done.

Decreases for corners

1. Instead of ch 5 at the end of the row, make 3 sl sts along the edge of the last pixel.

2. Continue making pixels in the same manner as before.

3. Here, you can see how you decrease at the end of a row by connecting the pixels with a sl st.

Finishing

1. Lay the two pieces on top of each other, wrong sides together.

2. Ch 2.

3. Pull the yarn up between 2 pixels.

4. Make a sl st between the next 2 pixels.

5. Repeat this pattern of ch 2 , sl st between pixels.

6. Place the pillow into the pillowcase. Continue closing up the seam of the pillowcase and end with a sl st.

7. Make 1 sc in the corner. Continue with ch 2, sl st all around the pillowcase.

Make 4 pom-poms.

Sew a pom-pom to each corner of the pillow.
