YARN USAGE:

BATHING BUNNIES H: 60 CM

Colour A: 100 g

Colour B: 50 g

A few meters of white yarn for stripes

MATERIALS:

Stuffing

Eyes: 12 mm

Crochet hook: 4,0 - 5,0 mm

The given amounts of yarn are for guidance only.

If nothing else is specified, work in spiral rounds. To finish the work, join the round with a sl st. Leave a 20 cm length of yarn and cut. Pull the yarn through the stitch.

It is recommended that the filling continues on an ongoing basis as the work progresses.

Finish the whole work by assembling all parts - ears on the head, and the head and arms on the body.

For placements, look at the pictures in the pattern, or as it will be natural on the finished crochet work.

Mounting of the safety eyes:

The eyes are inserted, and the rear stops to the eyes are pushed from the inside.

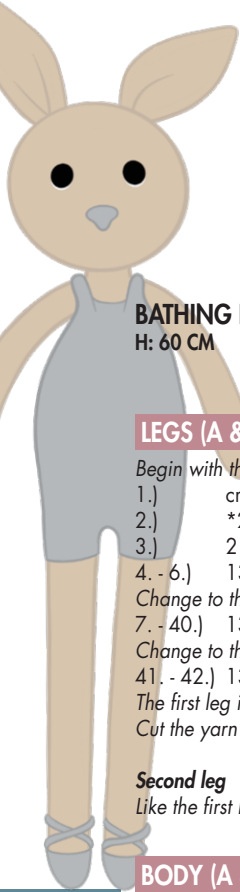

The rear stops can and should be a little hard to plug in to ensure that they are sticking well.

Good to know

Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
