Pattern information

Altenkirchen is the perfect project for the new knitter. The shawl is started at one corner and then increased on every other row.

It is worked flat on a 5 mm circular needle, or the size that you need to fit the knitting gauge mentioned above.

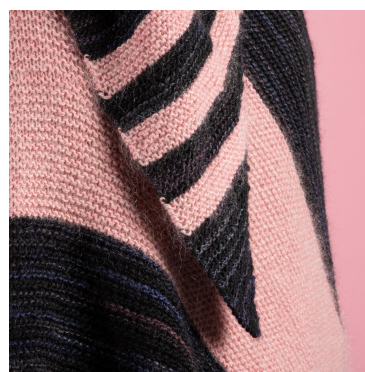

Keep in mind that the measurements given above are approximations. Your shawl may end up a slightly different size.

You work in stripes of color A and B (remember that color B is two threads worked together).

Enjoy!

The shawl is big, warm, and fluffy - perfect for keeping you warm on the cool spring or fall days, and of course throughout the winter.

The shawl is worked in garter stitch for the entire project, which makes it the perfect beginner's project. If you already are an intermediate knitter, the shawl is wonderful for working on as you watch TV, are in a meeting, or just when your brain needs something lovely and simple after a long and tiring day.
