*The given amounts of yarn are for guidance only.*

If nothing else is specified, work in spiral rounds. To finish the work, join the round with a sl st. Leave a 20 cm length of yarn and cut. Pull the yarn through the stitch.

*It is recommended that the filling continues on an ongoing basis as the work progresses.*

## REQUIRED MOUNTING STEPS

### Eyes in yarn projects (0-3 years)

For projects for children 0-3 years:  
Mounting of eyes requires melting of end pieces and special stitching.

## Cosy

- A wonderfully soft and high quality cotton mix

Cosy's thread is perfect for knitted cardigans and sweaters. The thread is relatively lightweight, soft and with a very special elasticity, which keeps the knit beautiful and the shape in place. The nature of the fiber gives a special fluffiness, which is great to knit beautiful sweaters.

It can be said about the Cosy yarn that it is a bit vintage-like in its expression – a yarn that gives warmth and offers a breathable fabric to wear.

Cosy has been awarded the AZO certificate and is thus a yarn that everyone can feel safe using.

| 2.) | *2 ch, 2 tr inc, 2 ch in the same st, 1 sl st* x 5 |

## ASSEMBLY

Sew the parts together, as shown in the photo.

### The Rope

Fold a few meters of yarn, guide the needle through the first hole and pull the loop back through the hole. From the loop chain 120 with both pieces of yarn. At the end tie tightly a knot and cut the rest of yarn off.

### Attaching Ellie to the Wagon

Make 4 chains like the drawstring, but start in the middle of the magic ring on each leg and crochet 15 chain stitches. The chains are pulled through the holes, and tied together under the cart.

# Good to know

## Hook Size + Tension

Everyone crochets a little differently: some crochet with a 2.0mm hook and obtain the same size of design and quality as a person who crochets with a 4.0mm hook. We owe this knowledge to our vast international crochet team.

Size and yarn tension, is largely dependant on one's crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes to reach the best result.
