Sizes

Shoe size: US: 6/6.5 (7.5/8, 9.5/10.5, 11) / EU: 36/37 (38/39, 40/41, 42/43)
Foot length: approx 9.4" (10.2", 11", 11.8") / approx 24 (26, 28, 30) cm

About the pattern

The socks have glitter stripes on the leg.
Classic sock with gusset heel.

The socks can also be worked on a circular needle with the Magic Loop technique.

Techniques

Happy knitting!

Leg

Co 56 (60, 64, 68) sts and distribute them on 4 double pointed needles.

Work rib in the round like this: k2, p2.

Stripes

Work 4 rnds with Moonwalk and 4 rnds with Lamé, repeat from * to * until you have 3 stripes with Lamé.

Work the rest of the sock in Moonwalk.

Work until the leg measures 4.7" (5.5", 6.3", 7.1") / 12 (14, 16, 18) cm.

The beginning of the rnd should now be between 2 knit sts.

From here, the sock is worked in stockinette stitch.

Heel

Preparing for the heel

Distribute the sts so that there are 13 (14, 15, 16) sts in rib, 2 knit sts, 13 (14, 15, 16) sts in rib = 28 (30, 32, 34) sts on a double pointed needle for the heel.

The sts on top of the instep are put on hold on 2 double pointed needles.

Heel flap

Work the 28 (30, 32, 34) heel sts in stockinette stitch in the flat, until the heel flap measures 2" (2.2", 2.2", 2.4") / 5 (5.5, 5.5, 6) cm. End with a wrong side row. Place a marker midway on the heel after 14 (15, 16, 17) sts. From here, take measurements for the foot length before the toe.

Heel decreases

Row 1 (RS): work until 8 (9, 9, 10) sts remain, k2tog tbl, k1, turn.

Row 2 (WS): work until 8 (9, 9, 10) sts remain, p2tog, p1, turn.

Row 3 (RS): work until 7 (8, 8, 9) sts remain, k2tog tbl, k1, turn.

Row 4 (WS): work until 7 (8, 8, 9) sts remain, p2tog, p1, turn.

Continue like this with 1 st less before the decrease, until all sts on the needle are worked.

Continue in rib and on the next, rnd pick up 14 (15, 15, 16) sts on each side of the heel flap.

Distribute the heel sts on 2 needles.

Foot

Heel gusset

Place a marker on each side at the transition from heel flap to instep.

Gusset decreases

Work until 2 sts before the marker, k2tog, work the instep sts until the second marker, k2tog tbl, work the remaining sts in rib.

Work 1 rnd in stockinette stitch.

Decrease on every other rnd until you have 56 (60, 64, 68) sts.

Work until the work measures approx 7.5" (8.1", 8.1", 8.7") / 19 (20.5, 20.5, 22) cm from the mark on the heel. The toe measures approx 2" (2.2", 2.2", 2.4") / 5 (5.5, 5.5, 6) cm.

Toe

Place 1 marker on each side so that you have 28 (30, 32, 34) sts for instep and sole, respectively. Work until marker.

Toe decreases

Rnd 1:

1st and 2nd double pointed needle: k1, k2tog tbl, k until 3 sts before marker, k2tog, k1.

3rd and 4th double pointed needle: k1, k2tog tbl, k until 3 sts before marker, k2tog, k1.

4 sts are decreased on the rnd.

Work 1 rnd in stockinette stitch.

Repeat the decreases on every other rnd, until a total of 20 (18, 20, 18) sts remain.

Bo all sts. Sew the hole together with Kitchener Stitch.

Make another sock following the same procedure.
