About the pattern

Work 2 pieces from the sleeve to the middle of
the back piece and front piece. The 2 pieces
are stitched together on the back, and snaps
are stitched onto the front edges.

A rib piece is worked from the sleeve edge to
the neckline.

The sleeve increases are worked on each side
of the rib piece. Colors changes are made
during the work. In order to ensure a nice
transition from one color to another, the rib
stitches are knit on the first right side row. The
rib piece is worked on sleeve and shoulder and
bound off at the neckline.

Short rows are worked on the back piece and
front piece with the German Short Rows
technique in order to keep the rib edge tight.

On the back, stitches are increased for sloping
shoulders.

Happy knitting!

Pattern

Right half

Sleeve

Co 45 (47) 49 sts on the circular needle with color **A** and work in the flat like this:

Rib edge

Row 1, WS: p1, *k1, p1*, repeat from * to * throughout the row.

Row 2, RS: k1, *p1, k1*, repeat from * to * throughout the row.

Row 3: p1, *k1, p1*, repeat from * to * throughout the row.

Sleeve

Dividing the sts into stockinette stitch and rib

Continue in stockinette stitch while working the 13 middle sts in rib like this: k 16 (17) 18 sts, p1, *k1, p1*, repeat from * to * a total of 6 times, k 16 (17) 18 sts.

Work 1.6" / 4 cm as indicated by the sts.

Increasing

K until you reach the rib piece, inc 1 st (= pick up the bar between the 2 sts and k it tbl), work the rib piece, inc 1 st, k the rest of the row.

Increase like this on every 6th row, until the work measures 9.8" (10.2") 10.6" / 25 (26) 27 cm. End with a WS row.

Change to color **B**, k all sts on the first row.

Continue increasing, until you have 65 (69) 73 sts. Work even, until the work measures 16.9" / 43 cm. End with a WS row.

Side seams

Co 57 sts on each side = 179 (183) 187 sts.

Front piece, shoulder and back

Now 6 sts are worked in rib on each side of the work, the rib piece on the sleeve continues, and

the rest of the sts are worked in stockinette stitch like this:

From the RS: *k1, p1*, repeat from * to * a total of 3 times (= 6 sts in rib), k until you reach the rib piece

on the sleeve, work 13 sts in rib, k until 6 sts remain, *p1, k1*, repeat from * to * a total of 3 times

(= 6 sts in rib).

NB! In order to keep the rib edges tight, short rows (by means of the German Short Rows technique) are worked on approx every 10th row like this: Work until you reach the rib edge at the end of the row, turn with a turn st, work until the rib edge at the end of the row on the

opposite side, turn with a turn st. On the next rows, work all sts while working the turn st as 1 st.

Work until the work measures 1.8" / 4.5 cm measured from the side seam. End with a WS row.

Front piece, shoulder and back

Now work the front piece and shoulder (13 rib stitches) with color **C**, and the back with color **D** like this:

RS: Change to color **C** and work until you reach the rib piece on the sleeve = front piece and shoulder, change to color **D** and work the rest of the row = back.

Wind the yarn threads around each other when changing colors and remember to work the edges in rib.

WS: Work as indicated by the sts and colors.

Sloping shoulder: Work all sts while inc 1 st on the back (within 2 sts) on every 4th row a total of 5 times = 88 (90) 92 sts on the back.

Work until the work measures 6.3" (6.7") 7.1" / 16 (17) 18 cm measured from the side seam. End with a RS row.

Place the front piece and shoulder sts on a stitch holder, do not cut off color **C**.

Back

Continue with color **D**, until the work measures 9.4" (10.2") 11" / 24 (26) 28 cm measured from the side seam. Don't forget the rib edges and the short rows.

Cut off the yarn and place these sts on a stitch holder.

Shoulder and front piece

Change to color **C** and begin from the WS.

Bo the 13 rib sts tightly in rib and work the rest of the row.

Work as indicated by the sts, until the work measures 9.4" (10.2") 11" / 24 (26) 28 cm measured from the side seam. Don't forget the rib edges and the short rows. End with a WS row.

Front edge

Change to color **A**, work 4 rows as indicated by the sts and then 2 rows in rib like this: k1, p1.

Bo in rib.

Left half

Work another piece following the same procedure but reversed and with the back in color **D** and the shoulder and front piece in color **C**.

Finishing

The back is knit together with an auxiliary needle like this: Place the pieces with the right sides facing each other. Knit 1 st from each piece together and bind off simultaneously.

Stitch together the sleeve and side seams.

Sew 2 magnetic fastener snaps onto the front edge - one at the neckline and one 10 cm further below.

Press all seams.
