## INFO AND TIPS

The bralette is crocheted straight, so you can easily adjust the size to your needs while working, just add stitches and it will be higher or modify the number of rows according to your circumference. Optionally, if necessary, you can sew a thin elastic into the bottom edge.

The top and shoulder straps are worked together all around without cutting the yarn, next we make frills and bubbles for the clasp.

Important! Measure the length of the straps that you need.

## Puff stitch

**Note:** Pay attention to the tension of the yarn!

Make a loop leaving about 9 cm of yarn end, ch 1, pull out the loop to about 1 cm, \*yo, insert the hook into the ch st, pick up the yarn\* repeat from \* to \* 6 times, yo and pull through the all loops on the hook, ch 1, make a second puff in the last ch st, fold in half to make a ball and finish with sl st into the first ch st. Cut off the yarn leaving a longer end to attach the bubble.

## BRALETTE

Ch 30 + 2 (counts as the first hdc), 1 hdc into the third ch from the hook, hdc till the end of the row, ch 2, turn.

Repeat until you reach the desired size - approx 109 (114) 119 rows.

Don't cut off the yarn and start working through the shorter edge:

ch 1, sc into the first st, 1 sc into the next sts till 1 st before the end of the row, [1 sc, ch 1, 1 sc] into the last st.

You are now on the longer, top edge where the straps will be.

Lay the piece out flat, and use markers to mark where the straps will be (4 markers):

**Size S/M:** first marker after 12 sts from the right side edge and after 12 sts from the left side edge, then after 29 sts from the marker on the right and left side.

**Size L:** first marker after 12 sts from the right side edge and after 12 sts from the left side edge, then after 32 sts from the marker on the right and left side.

Back to the crocheting.

Work 12 sc to the marker, now you start to make a strap - get the number of hdc you need with chainless foundation, 63 (65) 68 hdc, end with sl st into the st where the next marker is placed. Make sure the strap is NOT twisted- at this point you can also check the length of the strap and change it if it is necessary.

Work 27 sc to the next marker and make a second strap in the same way as the previous one; 1 sc into the next sts till 1 st before the end of the row, [1 sc, ch 1, 1 sc] into the last st. Now you are on the shorter edge where you will make the holes for the "buttons".

1 sc, \*ch 4, skip 2 sts, 1 sc in next 4 sts\* repeat from \* to \* 4 times, ch 4, skip 2 sts, 2 sc = 5 button holes.

You are now at the bottom corner and will be working the bottom edge.

Ch 1, into the same st as the last sc on the shorter edge.

Work the bottom edge: 1 sc in each st, end with sl st in ch st.

Fasten off the yarn.

## FRILLS

Row 1: sl st in first shoulder strap st, 6 sc, 3 hdc in next 4 sts, 3 dc in next 3 sts, 3 tr in each st till 13 sts before the end of the strap, 3 dc in next 3 sts, 3 hdc in next 4 sts, 6 sc

Row 2 and 3: ch 1, work respectively 1 in each st: sc in sc, hdc in hdc, dc in dc, tr in tr.

Finish with sl st in the st where the strap comes out.

## BUBBLES

Make 5 puffs with double yarn, attach them evenly at the height of the holes, about 2 cm from the edge. Tie tightly and secure the ends.

## Enjoy!
