### Shape eye socket/head:

With Bohème Velvet "double" yarn, thread a needle with approx. 25 cm yarn.

Put the needle in from the base of the head and out at the inner side of the eye.

Guide the thread across a couple of stitches by the eye and then back out at the base of the head. Tighten the yarn to form the hollow around the eye.

To keep the pressure on the hollow, sew through a couple of sts at the base of the head.

Fasten the yarn ends.

Should you want the hollow deeper the process may be repeated.

Repeat for the other side of the same eye.

The eye sockets are now made for both eyes.

Embroider nose with a shape like the letter "Y".

# Good to know

## Hook Size + Tension

Crocheters crochet very differently: some crochet with a hook size 2,0 mm and obtain the same size of design and quality as a person who crochets with a hook size 4,0 mm. We owe this knowledge to the team of crocheters who join us.

The key to crochet a specific size is a lot about the crochet style/hands/skills, rather than the size of hook. Therefore, we will recommend a range of hook sizes.
