FROSTING/WHIPPED CREAM

ASSEMBLY

First flatten the open end of the frosting and sew it closed using the tapestry needle. To get the twist in the frosting swirl start at the “bottom” and twist it into a circle roughly the same size as the top of the cup. Use the tail left from sewing the end shut and secure the circle into place. Then twist another, slightly smaller loop on top and secure that into place as well. It helps to try to do all your sewing from the inside of the swirl to hide your stitches. Continue twisting your swirl into shape and securing it into place as you go. Once you’re happy with the shape finish off and weave in ends.

CINNAMON STICKS

(make two with col. 008)

Round 1: CH 2 and work 5 SC into the second CH from hook and join to form a small circle (6)

Rounds 2-8: CH 1 and work 1 SC into each stitch around and join (6)

Finish off and leave a tail for sewing. To attach, just insert them into the small opening left in the middle of the frosting swirl. Offset them for a cute balance and sew into place.

EYES

(make 2 with col. 001)

Round 1: CH 2 and work 6 SC into the second CH from hook, join to form a small circle (7)

Round 2: CH 1 and work 2 SC into each stitch around and join (14)

Rounds 3-4: CH 1 and work 1 SC into each stitch around and join (14)

Finish off and leave a tail for sewing

To attach, just place them where you'd like and sew them into place.
