Pattern

LEG

Cast on 56 (60, 64, 68) stitches and distribute them on 4 double pointed needles.

Work rib in the round like this: *Purl 1, knit 1*, repeat from * to * until the leg measures 5 (6, 7, 8) cm / 2" (2.4", 2.8", 3.1").

Round with holes

Repeat *knit 2 together, yarn over* to end.

Work rib in the round like this: *Purl 1, knit 1*, repeat from * to * until the leg measures 12 (14, 16, 18) cm / 4.7" (5.5", 6.3", 7.1").

Place a marker at the beginning of the round.

HEEL

Preparation for the heel

Place 14 (15, 16, 17) stitches on each side of the marker on 1 double pointed needle = 28 (30, 32, 34) stitches.

The stitches of the instep are put on hold on 2 double pointed needles.

Heel flap

Work the 28 (30, 32, 34) heel stitches in stockinette stitch in the flat until the heel flap measures 5 (5½, 5½, 6) cm / 2" (2.2", 2.2", 2.4"). End with a wrong side row.

Place a marker midway on the heel and take measurements for the foot length before the toe from here.

Heel decreases

Row 1 (right side): Work until 8 (9, 9, 10) stitches remain, knit 2 together through the back loop, knit 1, turn.

Row 2 (wrong side): Work until 8 (9, 9, 10) stitches remain, purl 2 together, purl 1, turn.

Row 3 (right side): Work until 7 (8, 8, 9) stitches remain, knit 2 together through the back loop, knit 1, turn.

Row 4 (wrong side): Work until 7 (8, 8, 9) stitches remain, purl 2 together, purl 1, turn.

Continue like this with 1 stitch less before the decrease until all stitches on the needle are worked.

Pick up 14 (15, 15, 16) stitches on each side of the heel flap. Distribute the heel stitches on 2 needles.

Place a marker on each side at the transition from heel flap to instep.

The instep stitches are worked in rib, the rest is worked in stockinette stitch.

Heel gusset

Work until 2 stitches before the marker between heel and instep, knit 2 together, work the instep stitches,

knit 2 together through the back loop, work the rest of the round.

Work 1 round.

Decrease on every other round until you have 56 (60, 64, 68) stitches.

FOOT

Work until the work measures approx 19 (20½, 20½, 22) cm / 7.5" (8.1", 8.1", 8.7") from the mark on the heel.

The toe measures approx. 5 (5½, 5½, 6) cm / 2" (2.2", 2.2", 2.4").

TOE

The toe is worked in stockinette stitch.

Place 1 marker on each side so that you have 28 (30, 32, 34) stitches for instep and sole respectively. Work until marker.

Toe decreases

Round 1:

1st and 2nd double pointed needle: Knit 1, knit 2 together through the back loop, knit until 3 stitches before marker, knit 2 together, knit 1.

3rd and 4th double pointed needle: Knit 1, knit 2 together through the back loop, knit until 3 stitches before marker, knit 2 together, knit 1. You have worked 4 decreases on the round.

Work 1 round.

Repeat the decreases on every other round until 20 (18, 20, 18) stitches remain.

Bind off all stitches. Sew the hole together with Kitchener Stitch.

Fold the leg at the round with holes to create a small border.

Make another sock following the same procedure.
