INFO AND TIPS

Your body is worked in rounds and turned at the end of each round. You then split the body into two sections and work the top in rows, turning at the end of each row.

I don't join my starting chain because I find it too fiddly, I join after my first row of DC and use my yarn tail to close the gap. When working into the side of a ST, I like to pick up a loop from the ST next to it to prevent any gaps forming. Unless otherwise stated, you will be working with MC. Your turning CH counts as a ST throughout.

MAIN BODY

CH 90 (94) 102 (106) 114.

Row 1: DC in fourth CH from hook and each CH along. CH3, turn.

Row 2: DC in each ST from the previous row. SS to CH3 to join, CH3, turn. You should have a total of 88 (92) 100 (104) 112 ST.

Repeat row 2 until you have a total of 17 (18) 19 (20) 20 rows including row 1. At the end of your final row CH3 and turn.

BACK PANEL

Row 1: DC in next 43 (45) 49 (51) 55 ST. CH3, turn.

Row 2: SK ST at base of CH, DC in each ST from the previous row. DC between final 2 ST, CH3, turn. You should have a total of 44 (46) 50 (52) 56 ST.

Repeat row 2 until you have a total of 8 (10) 10 (12) 14 rows. FO and weave in your ends.

FRONT PANEL

Join your yarn in your first unworked ST next to the back panel, CH3.

Row 1: SK ST at base of CH, DC in each ST from the previous row. DC between final 2 ST, CH3, turn. You should have a total of 44 (46) 50 (52) 56 ST.
