INFO AND TIPS
The house is worked in one piece, all around and in rows, with x sc- typical for amigurumi.
To make the house stiff, work the sts very tightly.
As you start to work in rounds, remember to place the stitch marker and replace it after each round.

SUBMARINE
With color 11
Round 1 into a MR: 6 sc
Round 2: (place the stitch marker) inc around = 12 sts.
Round 3: (1 sc, inc) around = 18 sts.
Round 4: (2 sc, inc) around = 24 sts.
Round 5: (3 sc, inc) around = 30 sts.
Round 6: (4 sc, inc) around = 36 sts.
Round 7: (5 sc, inc) around = 42 sts.
Round 8: 1 sc around = 42 sts.
Round 9: (6 sc, inc) around = 48 sts.
Round 10: (7 sc, inc) around = 54 sts.
Round 11: (8 sc, inc) around = 60 sts.
Round 12: (9 sc, inc) around = 66 sts.
Round 13-19: 1 sc around.
Now you will start to form a hole for the entrance.
Round 20: ch 1, turn and start crocheting with sc (from the inside of the house) up to 12 sts before the end of the round, ch 1 and turn.
Rounds 11- 30: sc till the end, ch 1, turn.
Round 31: sc up to the opening, ch 12, 1 sc, place stitch marker- it will be your first st of the round.

Round 32: 1 sc around, change to color 02
Round 33: (9 sc, dec) around = 60 sts.
Round 34: (8 sc, dec) around = 54 sts.
Round 35: (7 sc, dec) around = 48 sts.
Round 36: (6 sc, dec) around = 42 sts.
Round 37: (5 sc, dec) around = 36 sts.
Round 38: (4 sc, dec) around = 30 sts.
Round 39: (3 sc, dec) around = 24 sts.
Round 40: 1 sc around = 24 sts.

Round 41: 1 sc around = 24 sts.
Round 42: (2 sc, dec) around = 18 sts.
Round 43: (1 sc, dec) around = 12 sts.
Round 44: dec around, join with sl st = 6 sts.
Fasten off.

With color 17, make 1 sc round around the hole.
Weave in the ends.

WINDOW
With color 17
Round 1: into a MR: 6 sc
Round 2: (place the stitch marker) inc around = 12 sts.
Round 3: (1 sc, inc) around =18 sts.
Fasten off and leave a long tail for sewing.
Determine how the entrance will be laid out, in my case the boat is tilted back a bit so that the entrance is laid out a bit upwards. Then, sew on the window next to the entrance hole.
Weave in the ends.

SAIL
With color 11
Round 1 into a MR: 6 sc
Round 2: (place the stitch marker) inc around = 12 sts.
Round 3: (2 sc, 2 inc) around =18 sts.
Fasten off and leave a long tail for sewing.
Sew the sail to the top of the submarine, above the entrance hole.
Weave in the ends.

PERISCOPE
With color 11
Make 6 sc between the sts in a MR on the top of the sail.
Work sc around until the periscope measures 17 cm / 6.6", close the round with a sl st.
Fasten off and leave a long tail for sewing.
Pull the thread through the center of the periscope and bend it forward halfway and sew in position with a stitch.
Fasten off and weave in the ends.

RUDDERS
With color 02
Ch 7, 2 sc starting from the second ch from the hook, 2 hdc, 1 dc, 5 dc in the same st, now start working on the other side of the chain, 1 dc, 2 hdc, 2 sc, close with a st st.
Fasten off and leave a long tail in one rudder for sewing. Make three rudders in total. Sew all three rudders to the end of the submarine.
Weave in the ends.

Enjoy!
