

CROCHET PATTERN

Sunburst

Adult's Top

Design: The Rainbow Pumpkin | Hobbii Design

MATERIALS

2 (3) 3 (4) 4 (4) 5 (6) skeins of Horizon color 10
1 skein of Amigo color A36
1 skein of Amigo color A04

Crochet hook 5 mm (US H/8)
Crochet hook 8 mm (US L/11)
Scissors
Needle
Tape measure
2 stitch markers

YARN QUALITY

 **Horizon**, Hobbii
100 % Premium Acrylic
200 g = 550 m

 **Amigo**, Hobbii
100% HB Acrylic
50 g = 175 m

GAUGE

10 cm x 10 cm (4" x 4") = 3 clusters x 6 rows

ABBREVIATIONS

ch = chain
sc = single crochet
sl st = slip stitch
sk st = skip stitch
st = stitch
cl = cluster
dc = double crochet
hdc = half double crochet
trc = treble crochet
dtrc = double treble crochet
fphdc = front post half double crochet
bphdc = back post half double crochet
Hdc2tog = half double crochet 2 sts together
rs = right side
ws = wrong side
fo = fasten off

QUESTIONS

If you have any questions regarding this pattern, please feel free to email us at support@hobbii.com
Please make sure to include the pattern's name and number.

Happy Crafting!

SIZE

XS fits a bust of 80cm/31.5"
S fits a bust of 90cm/34"
M fits a bust of 100cm/39"
L fits a bust of 110cm/43"
XL fits a bust of 120cm/47"
2XL fits a bust of 130cm/51"
3XL fits a bust of 140cm/55"
4XL fits a bust of 150cm/59"

MEASUREMENTS

Width: 45/50/55/60/65/70/75/80cm
(18/20/22/24/26/28/30/31 inches)

Length: 45/50/55/60/60/60/60/60cm
(18/20/22/24/24/24/24/24 inches)

PATTERN INFORMATION

This pattern is for an adult short sleeve top with a sunflower design in the middle. It works up very quickly and is a nice light layer over a t-shirt or vest. Using a striped yarn like Horizon means lots of complimentary colours and hardly any ends to weave in, bonus! You can match with your little ones too by making the children's version!

Pattern

INFO AND TIPS

You should check your measurements after each round, and adjust your tension or hook size if necessary. Due to the nature of striped yarn your design may look different from the photos, and your front and back panel will be slightly different from each other. The top can be worn either way around though.

BODY PANEL

Make 2 identical

Row 1: Using the brown yarn and your 5mm hook ch5 and join with a sl st to the 1st ch to form a loop. Ch3 (which counts as your first st) then make 15 dc into the loop and finish by joining to the top of ch3 with a sl st (16 total). Do not fo.

Row 2: Ch1 and create a bobble stitch (in the top of the first st from the previous round) as follows - yarn over, hook into st, pull up a loop (3 loops on the hook), yarn over, hook into st, pull up a loop (5 loops on the hook), yarn over, hook into st, pull up a loop (7 loops on the hook), yarn over and pull through all 7 then ch1. Continue to create a bobble st in each st from the previous round, with a ch1 after, until you have a total of 16, and sl st to the top of the 1st st to join. Do not fasten off yet.

Row 3: ch1. Create a petal st (in the top of the first st from the previous round) as follows - yarn over, hook into st, pull up a loop, yarn over, pull through 2 loops leaving 2 on the hook. Repeat this 3 more times until you have 5 loops on the hook. Yarn over and pull through all 5 loops then ch2. Continue creating 15 more petal stitches in the tops of the previous sts (but not in the ch1 spaces) with ch2 after each until you have a total of 16. Join to top of 1st st and fo.

Row 4: Attach your yellow in any ch2 sp and ch3 (counts as your first st) and make 2 dc stitches in the same ch sp, then ch1. This is your first cluster. Continue making clusters (3dc ch1) between petals until you have a total of 16. Join to top of ch3 with a sl st, do not fasten off. It should measure about 11cm x 11cm (4.5' x 4.5') at this point.

Row 5: (please note this is almost identical to row 4 BUT you will need to chain 2 between each cluster - not 1). sl st to the next ch2 sp, ch3 into it (counts as your first st) and make 2 dc stitches in the same ch sp, then ch2. This is your first cluster. Continue making clusters

(3dc ch2) between petals until you have a total of 16. Join to top of ch3 with a sl st, do not fasten off.

Row 6: (please note this is almost identical to row 5 BUT you will need to chain 3 between each cluster - not 2). sl st to the next ch2 sp, ch3 into it (counts as your first st) and make 2 dc stitches in the same ch sp, then ch3. This is your first cluster. Continue making clusters (3dc ch3) between petals until you have a total of 16. Join to top of ch3 with a sl st, for sizes XS/S/M/L fasten off and continue to 'making the square'.

For sizes XL/2XL/3XL/4XL you will repeat row 6 but chain 4 between each cluster instead of 3. Fasten off at the end and move on to making the square.

Making the square:

You will be using 2 strands of Horizon yarn at once and your 8mm hook. I like to split one skein in half and wind them into 2 cakes, then work from the centre of both cakes at the same time. You might choose to do it differently though.

Row 1: ch3. This counts as your first dc. 2dc in the same space, and in the next space work a corner as follows

Corner = 3trc, ch2, 3trc

After the corner work 3dc in the next st, then 3hdc in the stitch after. Repeat in the order

3dc, corner, 3dc, 3hdc

Until you are back to your first set of 3dc. Join to the top of 3dc with a sl st. Sl st across to the next space to start row 2.

Row 2: Ch3 (counts as first dc) and work 2 more dc in the same space. In the next space work a corner, which is done using 3dc ch2 3dc this round (instead of 3trcs). You will then complete this round doing 3 dc in each space and 3dc ch2 3dc in each corner space until you are back to the start. Sl st into the top of ch3.

Row 3: Repeat row 2 until your square is measuring 45/50/55/60/60/60/60/60cm. This is your final length but you will be adding more to the width for sizes XL-4XL

For sizes XS/S/M/L fasten off. Make a second identical panel, weave in all ends then continue on to shoulders.

For sizes XL-4XL follow the instructions below:

You need to start in a corner space so sl st to the nearest one OR fasten off and reattach.

Row 1: Ch3 in the corner space and 2dc in the same space, then 3dc in the next cluster space. Continue with 3dc in each cluster space until you reach the stitch before the first corner. Ch3 in the corner space and then ch3 and turn (so you should have done 1 side of the square only). For size XL fasten off here.

Row 2: 2dc in the space and then 3dc in each cluster along until you have done 3dc in the final space. Ch1, then dc into the top of the 3rd stitch in the cluster from the previous round. Ch3, turn, and 2dc into the first cluster space. For size 2XL fasten off here.

Row 3: repeat row 1. For size 3XL fasten off here.

Row 4: repeat row 2. For size 4XL fasten off here.

Now for sizes XL-4XL repeat these instructions on the opposite side of your panel, so you have the same added width on the other side.

Repeat these instructions again for body panel 2 so you have 2 identical panels.

Shoulders

Lay the 2 squares on top of each other, with the right sides facing in touching each other, so you can see the wrong sides on the outside. Your added width rows if applicable should be on the sides and lined up.

You are going to stitch the shoulders together, so to do this take 2 stitch markers and place them either side of the middle 7 or 8 clusters (depending on whether your total cluster count is even or odd). This will be your head hole. If you want a smaller or larger head hole then adjust accordingly at this point!

Using one strand of your Horizon yarn stitch together across the left shoulder, and fasten off when you reach the stitch marker.

Repeat this on the other side.

NECKLINE

Turn your top the right way round again. The neckline is designed to be quite loose. If you prefer a tighter fit I suggest doing some decrease sts in row 1. Try one decrease (hdc2tog) on each side of the neck, and one at the front and back too so 4 in total. You can also repeat row 2 if you would like a chunkier neckline. The top can be worn either way around so the neckline should remain the same on the front and back.

Using your 5mm hook and one strand of your yellow yarn attach to the side of the neck and ch2.

Row 1: Hdc in each st around the head hole. Once you reach your first ch2 sl st into it to join.

Row 2: Ch3, fphdc around the first st, bphdc around the second, alternate these as you work around the head hole until you reach where you started. Sl st to top of ch3 and fasten off, weaving in your ends.

SLEEVES

First you will need to sew up the sides. To do this, make sure your top is inside out and laid flat. You will need to measure 17/18/19/20/22/22/23/24cm down from the top corner space on the shoulder, and put a stitch marker in. This is the opening for your armhole. Make sure the stitch marker goes through the front and back of the top in the same place. Repeat this for the other side.

Now using one strand of horizon yarn and a needle sew each side up from the bottom, stopping once you reach your stitch marker.

Turn the right way round again before starting your yellow edging.

Row 1: Join your yellow yarn (just one strand) to the bottom of the armpit using your 5mm hook, ch3, hdc in each st (3 per cluster) and join with a sl st to the top of ch3

Row 2: Ch3, fphdc around the first st, bphdc around the second, alternate these as you work around the arm hole until you reach where you started. Sl st to top of ch3 and fasten off, weaving in your ends.

Repeat these again to complete your second sleeve.

WAISTBAND

Row 1: Join one strand of your yellow yarn with your 5mm hook to the bottom of the top at the side and ch3. Hdc in each st around until you reach your first ch3, sl st into the top of it.

Row 2: Ch3, fphdc around the first st, bphdc around the second, alternate these until you reach your ch3. Sl st into it and fasten off, weaving in your ends.

Enjoy!
