INFO AND TIPS

The top half is worked bottom up and the lower half is worked top down.

For the top half, alternate using 2 different skeins of **A** every other round to avoid colour pooling.

This tank top has up to 4 inches of negative ease.

The top half body section is worked in multiples of 6.

When joining in the round, join with a slip stitch.

Ch 2 does not count as a stitch.

Lower half is worked in a continuous spiral without joining.

STRAPS
Make 2.

With **A**, leave a long tail for sewing, ch 50 (50, 56, 56, 62, 62, 68).

Row 1: Working in the back bar/ridge sc in 2nd ch from hook, *sk 2, shell in next, sk 2, sc in next; repeat from * across. Rotate your work so that you are now working on the other side of the ch sts - 8 (8, 9, 9, 10, 10, 11) shells
Row 2: Ch 1, sc in 1st st, *sk 2, shell in next, sk 2, sc in next; repeat from * across, ch 1 sl st to first st - 8 (8, 9, 9, 10, 10, 11) shells
Fasten off leaving a long tail for sewing.

Measure across your chest from 1 shoulder to the other to find where you want your straps to be. Measure that same length along the top edge of your top. Place a stitch marker where the measurement starts and ends. Repeat the measurement on the back. Securely sew each end of the straps in place where you placed the stitch markers.

Weave in remaining ends.

Enjoy!
