## INFO AND TIPS

CH of first round doesn't count as first stitch

Each round increases by 8

PUFF's are always worked into the INC of the previous round

INC's on the PUFF round are always worked right before the next puff

INC's on the DC rounds are always made in either the PUFF or the INC from the previous round

All DC rounds are joined with a SL ST in the first DC of the round

All PUFF rounds are joined with a SL ST in the first CH of the round

Colorshifts are made in the last SL ST on the round before a colorshift

### How to puff stitch

Yarn over, insert the hook in the stitch, yarn over and pull the yarn through the stitch, yarn over, pull through two loops. Repeat in the same stitch until you have 5 loops on your hook. Yarn over, pull the yarn through all the loops on the needle.

## Adding Tassels

Col. C: Cut 176 strands of yarn, each about 25,5cm / 10" long.

Separate the strands into 8 sections, 22 strands each.

Group 20 of the strands together and fold them in half, use one of the extra strands to tie them together at the midpoint, leave the tails. We're going to use those to attach the tassel to the blanket.

Group the folded strands together and use the other extra strand to tie them together about 1.3 cm / 0.5" down from the folded midpoint. This will create the little puff at the top of the tassel. Just leave the tails and they will blend in with the rest of the tassel.

Repeat the process until you have 8 tassels.

Attach the tassels to the last round of puff stitches we made, at the tip of the points of the blanket. Use the tails from where we originally tied the tassels together, insert your hook into the top of the puff, pull one of the tails through and tie a simple double square knot and weave in the ends.
