Embroidered few horizontal line between the eyes for the nose with yarn B then continue with 2 vertical lines down to where the increase of the face started and then add 2 diagonal lines along the increase on each side to form the mouth as per the picture.

**EARS** - Thread through c/on edge and pull to form a cup and fold the edges in place as per the picture. Finish by sewing both ears at the top of the head as shown in the picture.

**BODY** - Join the seams of both feet and legs and start stuffing as you go. Continue to the top of the body in the same way. Then sew the head to the body.

**ARMS** - Thread along the c/on edge and pull to form the hands, then join the seams along the arms and start stuffing as you go. Then attach the arms to the body.

**DUNGAREE** - Join the seam at the back and the inside of the legs. Then attach both straps at the back of the garment. Add both pockets to each side of the dungarees making sure that they are at the right level for the hands.

**BACKPACK** – Fold the bag in half and join the back seam, thread the string through the holes and sew the ends at the bottom rear of the backpack.

Weave in all other ends
