## INFO AND TIPS

1. You will need to crochet a gauge swatch for both the Even Berry Stitch and the Moss Stitch. Be aware that the moss stitch can stretch quite a bit, so making an oversized gauge swatch is a good practice.
2. The cardigan is crocheted as one piece, starting from the bottom of the back panel up. Then each side panel is crocheted continuously without seaming from the back. After completing the back and both side panels, you will fold both side panels down and seam the sides up from the bottom to the arm holes for the sleeves. Refer to the diagram on pg. 7.

3. Pay attention to which size hook you should be using in each section as it changes depending on the stitch and part of the cardigan you are creating.
4. If you want a longer or shorter cardigan, make sure you add the same amount of rows to the back and the side panels. Add or subtract rows in either the Even Berry section or after the neckline shaping in the moss stitch on the front.
5. Ch1 counts as a st on the Even Berry st. It is sometimes hard to see this ch1 when you get to it, so it might be good to place a stitch marker in it so that you know where your last st of the row is. Also, because the ch1 counts as a st, you will not place your second stitch into the first st of the row below, as the ch1 will "fill" that st. Therefore, the first berry st or sc you make goes into the second st.
6. Model Size: model is 4'11" tall, 36" bust, 27.5" waist, 40" hips wearing size small with 10" positive ease.

## SEAMING

With the cardigan laid out flat (depending on your preferred seaming method, you will lay it either RS up or RS down. For example, if you seam with sl st crochet, you will want to lay it out with RS up. If you are using mattress stitch, you will want to lay it RS down), fold the front panels of the cardigan down, placing the bottoms of the front panels even with the back panel. Measure 11(11, 12, 12, 13, 13, 14)" from the shoulder of the cardigan and place a st. Seam up the sides to the sm using your preferred seaming method. (I used sl st crochet to get the look I wanted, but you can use any method).

Sew your sleeves onto the sweater and seam down to the cuff.

## COLLAR

Lay your cardigan down with the RS front facing up. Then, w/ 6mm hook and C1, attach the yarn with a sl st to the bottom corner of the right side (wearer's right/viewers left) front panel where the collar will begin.

**Row 1:** ch2 (does not count as a st), hdc in the same place as the ch2, hdc evenly around the collar area of the cardigan to the bottom of the left panel. Turn. [I placed approx. 1 st into each row. Space your stitches as you see fit to make a smooth collar. Also, make sure you place the same amount of stitches on either side of the collar.]

**Row 2:** ch2, hdcflo in first and each st across. Turn.

**Row 3:** ch2, hdcblo in first and each st across. Turn.

**Row 4:** rep Row 2.

**DO NOT FO**

## BOTTOM BAND

**Row 1:** ch2 (does not count as a st), turn cardigan 90 degrees so that you will be working along the bottom of the cardigan, hdc in the same place as the ch2, hdc evenly along the bottom of the cardigan. Turn.

**Row 2:** ch1, scblo along the bottom of the cardigan.

Weave in your ends and Enjoy!
