## INFO AND TIPS

When there are stitches marked by asterisks either side (e.g. \*p2, k2\*) this means repeat this section until you reach the end of the row.

When swapping colors throughout the piece, make sure you are always keeping the yarn on the wrong side so they don't get tangled.

## BODY

### Rib edge

Cast on 66 (74) 82 (90) sts on straight needles with invisible rib cast on in Color A.

Knit 10 rows 2x2 rib stitch.

## BACK PIECE

Row 1 [RS]: p4 in Color B, \*k2 in Color C, p2 in Color B\* until two stitches left, p2 in Color B (should have four purl stitches at either end of the piece).

Row 2 [WS]: k4 in Color B, \*p2 in Color C, k2 in Color B\* rep from \* to last two stitches, k2 in Color B

Row 17 [RS]: p2, \*p1, cf\*, p4

Repeat rows 2 - 17 until the piece measures 52 (53.5) 55 (58) cm finishing on a right side row.

Continue across the next wrong side row as normal, casting off middle 24 (28) 30 (32) sts.

### **Right shoulder (when wearing the sweater)**

Continue with the cable pattern for 2 (2) 4 (7) more rows finishing on a wrong side row.

Alternatively, you can just knit and purl across all the stitches as normal for the given rows.

Cast off 21 (23) 26 (29) sts.

Your piece should measure 56 (57.5) 59 (60) cm.

### **Left shoulder**

Repeat the same:

Continue for 2 (2) 4 (7) more rows finishing on a wrong side row.

Cast off 21 (23) 26 (29) sts.

## **FRONT PIECE**

Repeat exactly the same as the back.

## **SLEEVES (WORKED BOTTOM-UP)**

Cast on 34 (38) 42 (44) stitches with invisible rib cast on in Color C.

Knit 10 rows in 2x2 rib.

Change to Color A, knit 4 rows stockinette.

Knit 1, make one right-leaning stitch, knit to last stitch, make one left-leaning stitch, knit last stitch.

Continue stockinette for 5 rows. Repeat the row with increases.

Repeat the stockinette section and increase row three more times.

You should now have 44 (48) 52 (54) stitches.

Return to knitting normal stockinette until the piece reaches 53cm or your own desired length, cast off.

Repeat this process for the second sleeve but with the rib section in Color B.

## NECKLINE

Seam one shoulder starting from the neckline towards the edge.

Now you have one shoulder joined and one not joined.

Pick up the stitches with Color A around the neckline starting from the loose edge on the right working towards the left. .

Knit 2x2 rib for 12 rows. Cast off.

## JOINING

Join the open side of the neck with mattress stitch and seam the shoulder.

Join the sleeves in whatever way you like to. This is the method I use:

Fold one sleeve in half. At the top of the sleeve find the middle (this should be directly between 22 (24) 26 (27) stitches either side). Cut a length of yarn and pull it halfway through this gap between the stitches. Lay the jumper flat lengthways.

Going right-to-left first, pick up a stitch at the edge of the shoulder. Weave the yarn back through the next stitch on the sleeve. Sew through the next two stitches on the shoulder, and back into the next stitch of the sleeve. Continue this, alternating between sewing through one and two stitches on the main jumper, working down from the shoulder towards the bottom.

Once you have finished this side of the sleeve, return to the middle and pick up the other end of the yarn. Repeat this process now going left-to-right.

Repeat this with the other sleeve.

Once the sleeves have been joined, seam the sides of the jumper and sleeves with mattress stitch.

Your jumper is finished!

**Enjoy!**
