Pattern

INFO AND TIPS

Continue increasing every 4th row until you have used 20g of each color. The last 10g are needed for the i-cord edge.

BANDANA

CO 3 sts with color A and knit 1 row.

Change to Color B and knit 2 rows evenly.

From here on, continue stripping every 2 rows and increasing at the end of the first row:

Row 1: k across, with color A, until there is 1 st remaining, k f&b in the last st = 1 st increased

Row 2: k across all sts with color A

Row 3: k across all sts with color B

Row 4: k across all sts with color B

Repeat these 4 rows.

Continue increasing every 4th row until you have used 20g of each color.

Knit 2 extra rows of 1 color without increases to mark the center of the scarf.

From here on, begin decreasing on the same side of the increases in the previous section:

Row 1: k across, with color A, until there are 2 sts remaining, k2tog = 1 st decreased

Row 2: k across all sts with with color A

Row 3: k across all sts with with color B

Row 4: k across all sts with with color B

Repeat these 4 rows.

Decrease until there are 3 sts remaining. Knit 2 rows evenly. Bind off.

I-cord edge

Slanting Side

With the circular needle, pick up sts from the right side with color B along the 2 slanted sides. Cut the yarn, move the sts to the other end of the circular needle and work from the right side.

CO 3 sts and *k 2, ssk (1 st from the right needle and 1 from the left needle), place 3 sts on the left needle*; repeat from * to * until all sts on the needle are worked. Place the remaining 3 sts aside.

Note: tighten the yarn slightly before working the 1st st.

Even side

With the circular needle, pick up sts from the right side with Color A along the even side. Cut the yarn, move the sts to the other end of the circular needle and work from the right side. Place the 3 sts in color B from the previous section onto the left needle.

*k 2, k2tog, move 3 sts back to the left needle *; repeat from * to * until all sts on the needle are worked. Sew the i-cord together at the corner to finish.

Finish

Wash the bandana gently and block or iron.

Enjoy!
