INFO AND TIPS

The top is worked top-down with a square raglan yoke in FPdcs, changing yarn colour after each round. The bottom ribbing is made alternating 2 dcs with 1 FPdc. The short sleeves are worked in BobSt around, changing colour after each round and completed with a round in sc.

- *The numbers correspond to size S, while all numbers in brackets correspond to sizes (M, L, XL). Where nothing is stated, the numbers apply to all sizes.*
- *1st FPdc of rounds is made as follows: ch1, then FPdc in FPdc of prev round.*
- *At the end of each round (body) always finish with a ss in 3rd ch of initial 3/in beginning FPdc.*
- *Work at corners (marked sts = Increases): *dc, ch2, dc*.*
- *The colours sequence throughout the pattern is as follows (sleeves excluded): 94, 98, 111, 116, 97.*
- *How to change colour (Body): ss in next FPdc, insert hook in next ch2 sp, yarn over with new col and ss.*
- *You can either decide to cut off yarn at the end of each round and attach it again when you need it, or to leave it attached and hanging (in the inside of the work), ready to be used when you need it.*

BODY

With yarn in col 94, ch 52. Close the chain into a ring, making sure that the chain is not twisted. Place 4 st markers in the chain, each one after 12 sts (it is a square yoke, see *Chart 1*).

CHART 1: Yoke

ROUND 1: ch3 (counts as 1 dc), then dc around. Work an Inc in each corner (= marked st) as follows: *dc, ch2, dc* in same st. Finish with a ss in 3rd ch of initial 3.

R2: ch1 and FPdc in dc of prev round, FPdc in next st. Then *ch2, skip next 2 sts, 2 FPdc* around. Just for R2: When you approach the Inc corners, simply interrupt the [ch2, 2 FPdc] pattern, work the [dc, ch2, dc] Inc, then resume the pattern where you left off before the Inc. Change to col 98 (see how to in INFO AND TIPS section above).

R3: ch1 and FPdc in dc 2 rounds below (working over the ch2 sp), FPdc in next st (in dc 2 rounds below). Then *ch2, skip next 2 sts, 2 FPdc* around. Change to col 111.

R4: ch1 and FPdc in dc 2 rounds below, FPdc in next st. Then *ch2, skip next 2 sts, 2 FPdc* around. Change to col 116.

R5: ch1 and FPdc in dc 2 rounds below, FPdc in next st. Then *ch2, skip next 2 sts, 2 FPdc* around. Change to col 97.

R6: ch1 and FPdc in dc 2 rounds below, FPdc in next st. Then *ch2, skip next 2 sts, 2 FPdc* around. Change to col 94 again.

HOW TO WORK AT CORNERS (after Round2):

Work the [ch2, 2 FPdc] pattern up to the Inc corners, work the usual Inc at corners, then resume the pattern, working sts "as you find them", i.e. ch2 over FPdcs of prev round and 2 FPdc in FPdcs 2 rounds below.

Always work the same Inc at corners (dc, ch2, dc) until you close the yoke.

Photo 1 shows first rounds of yoke:

Photo 1

R7-R12 (13, 14, 15): continue working as described, alternating the colours in the given order. Before closing the yoke, try on the piece to make sure it fits comfortably (i.e. to your own liking).

R13 (14, 15, 16): *Closing the yoke*

Work in the given pattern until the first corner. There, instead of making the usual Inc, join the 1st and 2nd corner with one or two dc (depending on what part of the pattern you are at when you reach the corner. So, for example, if you have just worked ch2 before the corner, close the yoke with 2 dc (*Photos 2 and 3*), then proceed on the other side of the corner with another ch2, so that all sts will present themselves correctly in the following round). Proceed until the 3rd corner with the usual pattern, then close the second armhole joining the 3rd corner with the 4th as you did for the first. Complete the round and finish as usual with a ss in beginning st.

Photo 2

Photo 3

R14 (15, 16, 17)-31 (32, 33, 34): continue working the pattern around, with no more increases, alternating the colours in the given order. At corners, where you closed the yoke, you should be able to work the pattern correctly (*Photo 4*).

Photo 4

BOTTOM RIBBING

With yarn in col 94, ch1 and *make a FPdcDec around 2 FPdcs together, 2 rounds below, then 2 dc in next 2 sts* around. Next, work 2 further rounds, making a FPdc in the FPdcDec of prev round and 2 dc in the 2 dc of prev round (*Photo 5*). Fasten off and weave in ends.

Photo 5

SLEEVES (WORKED TOP-DOWN)

Attach yarn on a ch2 sp of the armhole, preferably at the underarm. Use yarn in the correct colour order, so if you closed the yoke with yarn in col 94, for example, attach yarn in col 98, etc.

ROUND 1: BegBobSt, sc in next 2 sts. Then *BobSt, sc in next 2 sts* around.
BobSts will be worked in the ch2 spaces and the 2 sc in the 2 dc of armhole.

Finish with a ss on top of 1st BobSt.
Cut off yarn and change to the next col (*in the BobSt rounds col 94 is not used*).

ROUNDS 2-8: attach yarn in one of two sc of prev round and make a BegBobSt, then sc in next 2 sts. Work *BobSt, sc in next 2 sts* around.

ROUND 9: attach yarn in col 94 (wherever) and work in sc around.
Repeat for the 2nd sleeve.

Fasten off and weave in all ends. Done!

Enjoy!
