INFO AND TIPS

If you make these wrist warmers after knitting the Never Ending Shawl, before you start weigh your remaining yarn. You must have at least 31 grams left.

You can follow the written instructions or follow the chart.

The first st of each row are not knit, it's just slip knitwise.

The first row of the chart is a wrong side row so start it on the left corner.

Special Stitches

Cable front: Slip next 3 sts onto cable needle and hold it in front of work. K next 3 st, then k3 st from cable needle

Cable back: Slip next 3 sts onto cable needle and hold it in back of work. K next 3 st, then k3 st from cable needle

sk2p: Slip 1 knitwise, knit 2 sts together, pass the slip st over the knit 2 together

LEFT HAND

Cast on 48 stitches.

Place a marker after the 3rd st and after the 24th st.

Row 1 (RIGHT SIDE): * k1, p1* repeat from * to * to the end of the row.

Row 2: 1 sl k-wise, * p1, k1 * repeat from * to *. Finish with p1.

Row 3: repeat row 2.

Note: You can follow the written instructions below or the chart available on the last page. Work the chart over the 21 sts between markers and work in stockinette stitch on each side of the

markers. Repeat rows 1 to 8 from the chart, 5 times in total and work rows 1 to 3 one last time. After, go back to work row 47 of the written pattern.

Row 4: 1 sl k-wise, p until marker, k2, p until there is 2 st left before marker, k2, p to the end of the row.

Repeat row 47, 23 more times. If you want it longer add a few rows, but be careful, weigh the yarn to be sure to use a little less than a half of the yarn you have.

Bind off loosely in rib sts. Weave in all ends.

RIGHT HAND

Make a second wrist warmer in the same way **BUT** the stitch markers' places are not the same.

Place a marker after the 24th st and another after the 45th st. Be careful - the markers' places are different.

ASSEMBLY

Fold the wrist warmers in two. Sew the top and the bottom, leaving a hole for the thumb. From the top sew 2" (5 cm), leave a hole for the thumb measuring 2" (5 cm) and sew the rest of the piece.

Tip: after sewing the first part, don't cut the yarn, weave the thread along the palm and continue to sew then.

THUMB

Use the magic loop technique or double pointed needles. With the lace and cables pattern of the wrist warmer facing you, start at the top of the hole and pick up 20 st around the hole of the thumb as follows: 10 st along the back and 10 along the front.
