PATTERN INFORMATION

Cornelius Tweed Children's Sweater is a lovely, fleecy sweater with a playful and simple appearance. The sweater has an oversized look, but the fitted rib edgings will help keep the child warm. The front is adorned with a simple bobble pattern which adds structure to the soft yarn.

The sweater is worked from the bottom up in a combination of single crochets and bobble stitches. Front panel and back panel are worked separately and afterwards seamed together. The sleeves are worked directly on the sweater and worked from the shoulder down, in rows, and finally slip stitched together. The rib edgings of the sleeves, body, and neck are worked in the round and attached to the sweater.

INFO AND TIPS

The Cornelius Tweed Children's Sweater is worked in separate parts, which are then assembled at the end.

Make 1 turning chain at the end of each rw, unless otherwise stated.

FRONT PANEL

Begin with Pickles (21). Chain 37 (45) 53 + ch 1 to turn (37 (45) 53).
Must be divisible by 8 + 5.

Rws 1-3: 1 sc in each st (37 (45) 53).

Ivory Neon (02)

Rw 4: 1 sc in each st (37 (45) 53).

Rw 5: 6 sc, (1 bobble, 7 sc) 3 (4) 5 times, 1 bobble, 6 sc.

Rw 6: 1 sc in each st.

Rw 7: 5 sc, (1 bobble, 1 sc, 1 bobble, 5 sc) 4 (5) 6 times.

Rw 8: 1 sc in each st.

Rw 9: 6 sc, (1 bobble, 7 sc) 3 (4) 5 times, 1 bobble, 6 sc.

Rw 10: 1 sc in each st.

Alternate between the two colors, Pickles (21) and Ivory Neon (02), after every 7th rw.

Work another 28 (35) 42 rws, of which all rws with Pickles (21) are worked with 1 sc in each st, while rws with Ivory Neon (02) are worked as for rws 4-10.

Work 3 rws (37 (45) 53).

Now we will make the shoulders and neck opening.

9 (12) 15 sc, turn (9 (12) 15).

Work another 3 rws and break off the yarn.

On the opposite side, work again 4 rws of 9 (12) 15 sc to shape the opposite shoulder.

BACK PANEL

Begin with Pickles (21). Chain 37 (45) 53 + ch 1 to turn (37 (45) 53).

Rws 1-3: 1 sc in each st.

Switch to Ivory Neon (02) and alternate between the two colors, Pickles (21) and Ivory Neon (02), after every 7th rw.

Work 35 (42) 49 rws of 1 sc in each st (37(45) 53).

Work another 6 rws of 1 sc in each st.

Now we will make the shoulders and neck opening.

9 (12) 15 sc, turn (9 (12) 15).

On the opposite side, work again 1 rw of 9 (12) 15 sc to shape the opposite shoulder.

Place the front and back panels with right sides facing each other and seam together from the wrong side with 1 sl st in each st.

Using the same color (the one you used last): Work 52 (56) 60 sc around the neck opening from the right side (1 st in each st horizontally, 1 st in each rw vertically + 1 st in all 4 corners of the square opening).

SLEEVES (MAKE 2)

Wisteria Bloom (27).

First rw: Begin from the right side 16 (20) 25 rws below from the shoulder seam. Work 16 (20) 25 sc up to the shoulder seam and the same number of sc down the opposite side (32 (40) 50).

The number of stitches on the first rw will then be 32 (40) 50.

*Work 4 rws of 1 sc in each st

On the next rw, sc2tog, 1 sc in each until 2 sts remain on the row, and then sc2tog*

*Repeat the above so that every fifth rw is decreased by 2 sts until the total number of remaining sts is 18 (24) 32.

Then work for each different size as follows:

Size 3-6 months: 1 sc in each st (18).

Size 6-12 months: (sc2tog, 4 sc) 4 times (20).

Size 12-24 months: (sc2tog, 2 sc) 8 times (24).

Last rw on all sizes: 1 sc in each st (18 (20) 24).

Make another sleeve identical to the first one.

RIB EDGINGS

Sleeve rib edgings (make 2)

Pickles (21).

Chain 5 (6) 8 + ch 1 to turn (5 (6) 8).

Work 18 (20) 24 rws of 1 sc in each back loop to create a rib effect (5 (6) 8).

Seam the work together with sl sts in the first rw to create a ring.

Bottom rib edging

Pickles (21).

Chain 5 (6) 8 + ch 1 to turn (5 (6) 8).

Work 74 (90) 106 rws of 1 sc in each back loop to create a rib effect (5 (6) 8).

Seam the work together with sl sts in the first rw to create a ring.

Neck rib edging

Wisteria Bloom (27).

Chain 10 (12) 15 + ch 1 to turn (10 (12) 15).

Work 78 (84) 90 rws of 1 sl st in each back loop to create a rib effect (10 (12) 15).

Then seam the work together with sl sts in the first rw to create a ring. Then fold the work in half lengthwise and sc through both layers to create a double layered neck rib edging.

(1 sc, sc2tog) 26 (28) 30 times (52 (56) 60).

ASSEMBLING

Seam the sides together from the wrong side working 1 sl st in each rw from the bottom up and continue along the sleeves.

Slide the sleeve rib edgings one at a time down over a sleeve end with the right sides against each other. Then attach them working 1 sl st in each st/rw all the way around.

Place the right side of the bottom rib edging against the right side of the sweater and seam together from the wrong side working 1 sl st in each st/rw.

Attach the neck rib edging in the same way to the neck opening of the sweater where you will work a rnd of sc.

Enjoy!
