PATTERN INFORMATION

The Paris Sweater is worked in the round from the bottom up on 7 mm circular needles with 3 strands Diablo held together. The pattern is worked using magic loop.

Optionally 7 mm double pointed needles can be used.

The sweater consists of a part in rib stitch and one in stockinette stitch. At the end the armholes are sewn or crocheted together. The Paris Light Sweater is a tight fitting sweater. You should calculate a negative ease of 10-15 cm. This means the circumference of the final sweater will measure 10-15 in less than the circumference of your chest. If you wish your sweater to have a looser fit, simply pick a larger size.

INFO AND TIPS

The Paris Sweater has long sections of twisted rib, which gives it a modern and chunky look. The Paris Light Sweater is worked in a light and soft mohair mix, which makes it perfect for (parisian) summer evenings. Using stitch markers is a great help.
