## ABBREVIATIONS

st = stitch  
ch = chain  
sl st = slip stitch  
sc = single crochet  
hdc = half double crochet  
dc = double crochet  
inc = crochet 2 st in the same st  
dec = crochet 2 sts together  
mr = magic ring  
beg = beginning

## INFO AND TIPS

The first part of the hat is worked in rounds, then we will add the earflaps in rows with some decreases and finish with a round of sc to have a neat border.  
Finally, all the details are crocheted and sewn on the hat.

Some pictures are available to show you how to make an invisible join.

Ch3 and ch2 at the beginning of the row/round count as a st.

Ch1 at the beginning of the row/round does not count as a st.

To change color, start the last sc of the round with the current color but make the last yarn over with the new color: insert hook, yarn over with current color, pull the loop through, yarn over with the new color and pull through the two loops on hook.

### How to work an invisible join:

After the last st, cut the yarn leaving a long tail to sew. And pull completely the yarn through the last st (images 1 and 2). Insert your crochet in the first st, from back to front (image 3) and pull the yarn through (image 4). Then insert the crochet into the last st from back to

front BUT in the back loop only (image 5) and pull through the yarn. Your join will be invisible and you will have a neat finish. (image 6)

## ASSEMBLY

### Place the eyes.

1st eye: With the forehead part front of you, from the start of the earflap, count 12 sts to find the middle of the forehead part. Go up counting 9 (10) 10 rows. Place the top of the first eye here and sew it in place.

2nd eye: From the st on the top of the first eye, count 7 sts to the left, go down 1 row. Place the top of the second eye here and sew it in place.

3rd eye: From the st on the top of the first eye, count 7 sts to the right, go down 1 row. Place the top of the second eye here and sew it in place.

### Continue with the mouth.

From the bottom of the middle eye, count down 4 rows. Pin here the middle of the mouth. Pin both of the ends of the mouth, one row up from the centre point. The ends of the mouth must be placed just before the middle of the eye above it. If you are happy with the placement, sew the mouth using the strand you've let. Thread the yarn on your darning

needle and pass the needle through the center of each chain to sew, do not tighten too much to keep the volume of the mouth.

### **Continue with the tongue.**

Sew the tongue to the right end of the mouth, below the mouth chains. Sew only the top of the tongue and approx. 0.50" (1 cm) on each side to allow the end of the tongue to lift.

### **Finish with horns.**

With the right side facing you. Fold the right ear flap in two. It will create a line from the earflap bottom to the magic ring. We will sew the horns on this line. Place the horns on top of Rounds 5 to 7 with the curve upwards. The end and the middle of the horns' last round must be on the fold line. Pin them to keep in place and sew them with their yarn tails. Before closing them totally, add stuffing if necessary. It must be firm enough but pay attention that the stuffing doesn't go out.

Of course you are totally free, don't hesitate to place all of this where you want, to create your own funny monster!

## **BRAIDS**

With Friends Wool yarn color Artichoke (110) and all the yarn you used for the horns (63, 40, 30, 24, 91, 100) and hook 4.5 mm (US7)

Cut strands of approx 40 cm in the following amount and yarns:

- 12 strands of Friends Wool yarn color Artichoke
- 4 strands of Friends Cotton 8/4 in each color: Sunflower, Orange, Tomato, Lilac, Aqua, Pastel Green

I divided the colors like this:

2 groups A with 2 Artichoke, 2 Lilac, 2 Tomato

2 groups B with 2 Artichoke, 2 Aqua, 2 Pastel Green

2 groups C with 2 Artichoke, 2 Orange, 2 Sunflower

Take 1 group A. With the hook insert the strands in the first st at the bottom of the first ear flap. Pull the strands to their middle and fold in half. Repeat in the next 2 sts with groups B and C. You have 3 groups of strands. With them, make a braid and use the mini rubber band to secure it.

Repeat for the other ear flap. Cut the strands to even out and weave in the remaining ends.
