To add the buttons I will reattach the yarn on the other side of our top and add 2 more rows of sc. Add your buttons and align them with the buttonholes that we did on row 124. Your top should be a little bit stretchy.

NECKLINE/STRAP

Now let's make the neckline/strap part. With someone's help, try on your tube top and measure with a measuring tape the size of your strap. Follow the image below for reference:

Here are some reference measurements, but they may vary from person to person. That's why it is important to take your own measurements:

S: 65 cm
M: 70 cm
L: 75 cm
XL: 80 cm
XXL: 85 cm

Make sure it is not too tight.

Start with your main color
ch **108** (117, 125, 133, 142)
Row 1: ch 1, turn, sc **108** (117, 125, 133, 142)
Row 2: Change to your Flash It yarn. ch 1, turn, sc **108** (117, 125, 133, 142)

Keep repeating Row 1 and Row 2 until you get to row 9. You can make your strap thicker or thinner by adding or subtracting rows.

With your tapestry needle sew the strap to your top. I sewed mine leaving a gap of approx. 3 cm/ 1.5" between the buttons and the strap. Make sure your strap is not twisted!

Enjoy!
