## PATTERN INFORMATION

The Sweet Treat stocking pattern is a bold, fun Fair Isle design, which is knitted flat. The pattern is aimed at Intermediate & Advanced beginner knitters, and is the perfect pattern to try out knitted colourwork as all the Fair Isle sections are un-shaped. The pattern includes photos and Fair Isle colour charts to follow. The design uses a mix of tweed and pearly yarn to give it great texture and shine, with the addition of bobbles to add some 3d elements.

## INFO AND TIPS

1. The pattern is worked flat in one long piece and seamed to create the final stocking.
2. The pattern uses the Fair Isle technique, when working with multiple colours it's important to make sure you don't pull your tension too tight (long knitting needles help this) and twist at the back to trap the carrying yarn and make sure you don't leave long floats.
3. When colour changing and using lots of different colours, you can secure the ends and starting tails by twisting every st on the wrong side at the beginning of the row, this means you don't need to secure your ends at the end of the project.

## STOCKING FRONT

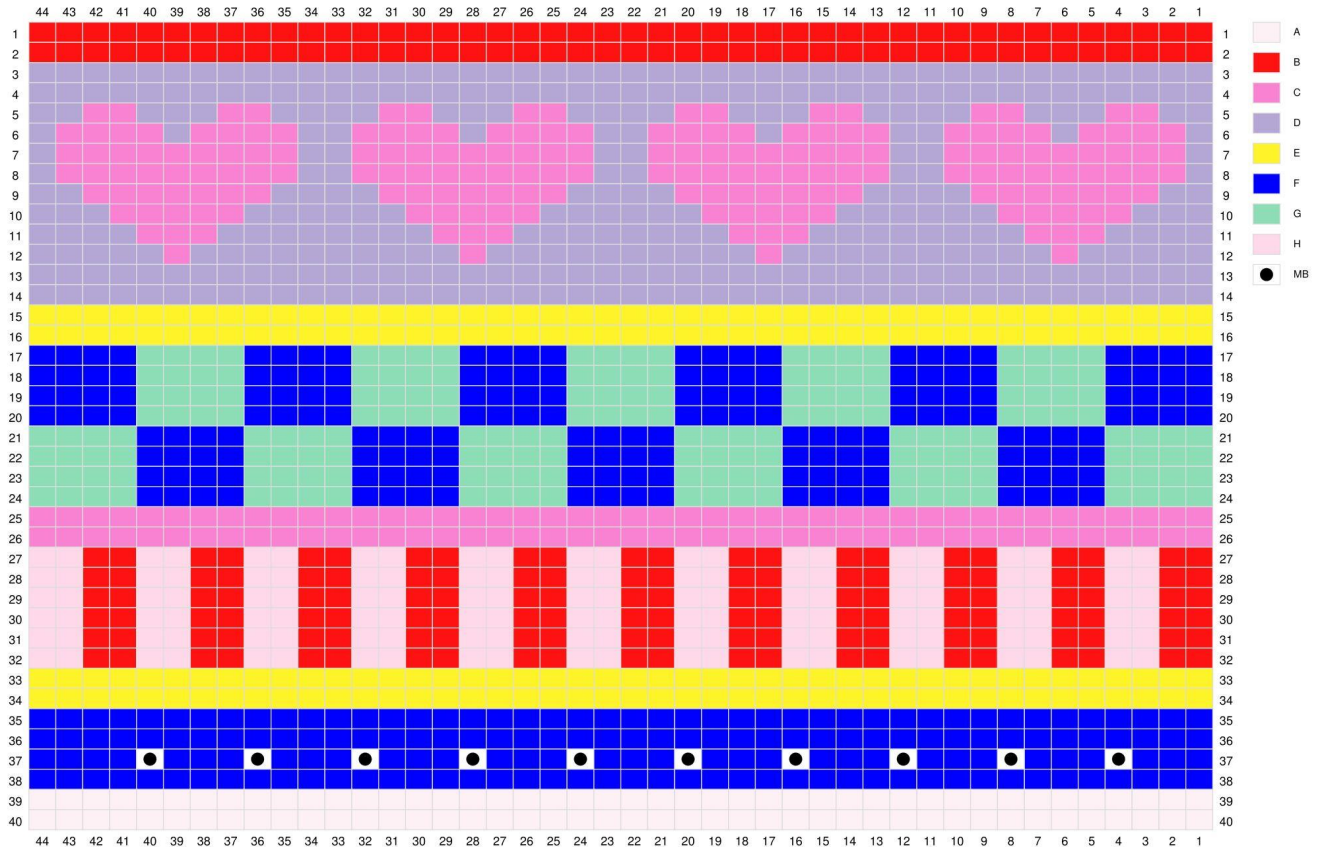

Starting on a Knit row and working in Stocking Stitch (SS), follow along with Fair Isle Chart. Work from the top down, work 3 repeats of the pattern. For Row 37 of pattern which is the Bobble row, create each Bobble in contrast colour working in colour order D/G/H across the row. Bobble is shown by a dot on the pattern grid. Secure contrast colour by tying ends together when fastening off.

Work a total of 118 rows in SS

Top Tip: When working Fair Isle with 2 colours make sure to not pull the tension too tight. Twist colours at the back of work to avoid long floats, twist at least every 3-4 sts.

## HANGING LOOP

Working in Colour G Cable Cast on 80 sts.

Knit 12 rows

Cast Off, leave ends long and use to join

**Block:** Block stocking to flatten out colourwork before joining. Use a steam iron 20 cm above the piece to steam block or wet block in warm water.

## JOIN

Join your stocking by sewing together the heel and toe seams using backstitch on the wrong side of the piece. Sew together working 1 st in from the edge using the same colour to match joins.

1. Fold toe section at smallest part. Sew along outside diagonal edges. Ease the top of the toe seam into the under toe seam, the toe halves are not equal and this creates more volume in the front of the toe.
2. Fold heel section at smallest part. Sew along outside diagonal edges. Join heel seams together.
3. Join the long seams along the sides of the sole. Work in Colour C, the bobble row should meet up with the heel join.
4. Join the leg stripe section to the front panel in Colour H.
5. Complete stocking join by joining the top rib, as the rib will fold back join the first half on the wrong side, changing to join on the right side for the last half, so the seam is not shown when turned down.
6. Attach the loop by folding it in half and securing on the inside at the centre back, at the point where the rib meets the stripe.

Finish up by sewing in any remaining ends, turning the right way round and filling up with goodies!

Enjoy!
