PATTERN INFORMATION

A perfect statement piece for your winter wardrobe, the "Cherry Blossom Thin Scarf" is full of style and based in simplicity.

Inspired by the minimalistic design principles of Scandinavia and the understated elegance of Japanese aesthetics. Constructed by easy modern granny squares and crafted from the heart. The scarf's color palette captures the soft, delicate, and graceful qualities of cherry blossoms. Just as these flowers never go out of style and have a timeless appeal, the Trendy Crochet Thin Scarf is designed to be a classic and enduring piece in your wardrobe.

ASSEMBLE

Block all squares

To assemble the scarf, attach one square on top of the other with a "Mattress Stitch", this makes an invisible seam. The process involves inserting the crochet hook under both loops of the edge stitches of each piece and pulling the yarn through, alternating between the two pieces. Mix the squares as you like and have fun!

To finish the scarf, make sc stitches all around and weave in the ends. I decided to use the white yarn to make a fringe on both ends, but you can skip this step :)

To attach fringes to the scarf follow these steps:

Cut several pieces of yarn to your desired length (mine are 10 cm / 4" long), fold the yarn to create a loop, using your hook insert the looped end of the yarn through a stitch along the edge of your scarf, pull those ends of the yarn through your loop creating a knot, tighten the knot secure. Continue attaching yarn loops along the scarf's edge. You can space them as closely or as far apart as you like. Use scissors to trim them to your desired length, ensuring they are even.

Enjoy!
