PATTERN INFORMATION

This floral beret is a great project for those who appreciate color therapy. However, if you want to make this beret in solid color yarn, you only need 4 skeins of yarn instead of 6.

The floral part of the beret is the same for both sizes. The size is adjustable thanks to the brim: you can choose the option that is more convenient for you.

Stitches used: slip stitch, chain, single crochet, reverse single crochet, double crochet, front post double crochet, back post double crochet.

INFO AND TIPS

The Flower is the main motif of this pattern. We will be making 36 Flowers (18 in each color combination).

Each Flower consists of 3 colors in two different color combinations.

Combination 1: col. 51 (**color A**), 63 (**color B**) and 47 (**color C**)

Combination 2: col. 38 (**color D**), 48 (**color E**) and 62 (**color F**)

We will join flowers into four lines and add a brim:

Line 1: (along the face): For odd flowers use combination 1. For even flowers use combination 2

Line 2: For odd flowers use combination 1. For even flowers use combination 2

Line 3: Make 4 flowers using combination 1, and then 4 flowers using combination 2.

Line 4 (top of the beret): For odd flowers use combination 1. For even flowers use combination 2.

Flowers in combination 1 and 2: First make all the details with **Color A / Color D** Then you can go two ways:

1) Complete the Flowers with **Color B / Color E**, joining them to each other to form the beret. Then do all Flowers with **Color C / Color F** and finish with Brim.

2) Make one Flower completely with **Color B / Color E** and **Color A / Color D**. Join each next Flower one after another, making rounds with **Color B / Color E** and **Color A / Color D**. Finish with Brim.

NB: Flowers 2-36 are joined as you go on round 7.

Here are completed pictures of the Flower in **Combination 1** :
