Round 13: sc 2, PM in last st worked, sc 6, PM in last st worked, sc 1 in remaining 13 sts {21}

Do not fasten off. Fold the ear in half so that the stitch markers are showing.

Cut approximately 90 cm / 35.5 inches of pink yarn and thread your needle, now create the inner ear section.

(1) Insert your needle from the inside of the ear and come out in the centre at the top of the ear, **(2)** insert your needle above the marked st on the left, **(3)** insert your needle above the marked st on the right, **(4)** insert your needle back into the top centre point, **(5)** now continue working back and forth between the top centre point and the spaces between the two bottom points until the space is filled, **(6)** bring your needle up through one of the bottom edge points and go back through the opposite side to create a solid line at the bottom, secure the end.

Now, pick up the loop left from round 13 with your hook, with the ear still folded flat, sc across the bottom edge working through the front and back sts to close. Leave a long tail for sewing.

HAIR ROSES - MAKE 3

V-st = (dc 1, ch 3, dc 1) in the same st

Using colour 15, ch 36

Row 1: starting in the 6th ch from the hook place a dc (counts as 1st v-st), *sk 2 ch, v-st in the next st* repeat 10 times, turn {11 v-st's}

Row 2: ch 3 (counts as dc), 5 dc in the v-st, *sc 1 in the space between v-st's, 6 dc in the v-st* repeat 10 times, sc 1 in last v-st, fasten off leaving a long tail for sewing. {11 sets of 6dc and 11 sc}

With the wrong side facing, roll it up into the shape of a rose and the desired tightness, using the long tail, work back and forth through all the layers at the base to secure.

HAIR CURLS - MAKE 2

Step 1: ch 23

Step 2: working from the second ch and in the back bumps only, sc inc in the next 12 chs, sc 1 in the next 10 chs, do not fasten off

Repeat step 1 and 2 five times so you have 5 curls.

NOSTRILS - MAKE TWO

Using colour 124 and approximately 50cm, cross over the yarn to create a large loop, wrap one of the strands 8 times around, pull on both strands until the loop tightens and creates a large knot.

CONSTRUCTION

Using the tail ends, working along the bottom edge, attach the horn and ears 4 rows down on the bag. Place the horn in the centre and the ears approximately 3 sts apart from the horn. Secure both the horn and ears at the centre point on the last row of the bag too to stop them flopping down.

Using the yarn tails secure the three roses in a row just below the horn and ears.

Now secure the hair curls to the outer edge of the roses. Shape the hair so that the first curl attaches to the top of the rose and the last curl at the bottom of the rose. Make sure that it is attached as close to the base of the rose as possible.

EYES

Using colour 124 and approximately 50cm / 20 inches, thread your needle and place the eyes starting between the 6th and 7th row up from the white of the bag. The eye curve should be 6 sts long. Place the eyes 5 sts apart.

NOSTRILS

Attach the nostrils between the 2nd and 3rd row down from the white section and 6 sts apart.

STRAP

Row 1: With your bag folded flat, using colour 01, attach yarn in the 2nd available st from the right of the side st, *insert your hook into the next st, pull up a loop* repeat 4 times, you should have 5 loops on the hook, yarn over, pull through 1 loop, *yarn over, pull through 2 loops* repeat 4 times

Row 2: insert hook into the 2nd vertical loop, pull up a loop, *insert your hook into the next vertical loop, pull up a loop* repeat 3 times, yarn over, pull through 1 loop, *yarn over, pull through 2 loops* repeat 4 times

Repeat row 2 until your strap measures approximately 55 cm / 22 inches or until desired length.

Final row: insert your hook into the 1st vertical loop, pull up a loop, slst, *insert your hook into the next vertical loop, pull up a loop, slst* repeat 4 times. Fasten off leaving a long tail.

Now counting around the back of the bag, sk 37 sts and using the mattress st, seam the strap to the bag starting in the 38th st.

Enjoy!
