Repeat row one until your piece measure 8 cm – 3.15”

C/off all sts, cut the yarn and make secure

FINISHING UP

Sew the sleeves to the body by aligning the middle of the sleeves with the shoulder.

Finish by sewing the sleeve seams and then the side seams of the cardigan.

Add each applique to the jacket as per the pictures or wherever you feel like it.

Sew the clouds, hearts, stars and the cherries as they are but follow below for the others:

Bee – Add one eye with yarn C by making a French knot.

Fold each end of the wings and sew in the middle then attach at the top of the bee.

Create a flying path with a running stitch and yarn C as per the pictures. Mine start on the front left, then all the way around the back to finish behind the bee on the front right.

Ladybug – Embroider some duplicate stitches with yarn C to make the spots.

Smiley Face – Create a chain stitch around the face with yarn F.

Add two eyes with yarn E by making French knots and finish with a nice curved chain stitch for a smiley face with yarn E.

Rainbow – Sew each colour along both sides in order of length starting with the shorter one in the middle.

Butterfly – Add four spots on each side of the butterfly with yarn F by making French knots.

Sew the middle part all the way with the two ends separated at the top, finish by adding each wing on each side.

Button Loop – Sew the bottom at the top right corner on the inside of the cardigan, make sure that you can't see it from the front. Then fold the loop in half and sew it on the inside opposite corner of the button, make sure the button fits!

Weave in all ends.

Enjoy!
