INFO AND TIPS

- The stitch markers are used to mark and provide better orientation in the pattern repeat and are slipped each time from the left needle to the right one.
- The yarns are worked held together, i.e. with two threads at the same time.
- All instructions in brackets [...] are always repeated.
- If the shawl is worked longer or possibly wider than indicated in the pattern, more yarn will also be needed. Take this into account when buying the yarn.

Loosely cast on 144 sts.

Set-up rows:

Row 1: S1 p-wise (wyif), k1, p3, k all sts until 5 sts remain, p3, sl1 p-wise (wyif), k1.

Row 2: S1 p-wise (wyif), k4, p all sts until 5 sts remain, k3, sl1 p-wise (wyif), k1.

Work the pattern according to the chart, working the pattern repeat in red a total of 6 times and ending with the row indicated in the chart. For a better overview and orientation, a sm can be placed between the repeats (before or after the red marking) as the start/end of the repeat.

Work rows 1-32 a total of 1x.

Then work rows 3-32 a total of 18x.

Finishing rows:

Row 1: S1 p-wise (wyif), k1, p3, k all sts until 5 sts remain, p3, sl1 p-wise (wyif), k1.

Row 2: S1 p-wise (wyif), k4, p all sts until 5 sts remain, k3, sl1 p-wise (wyif), k1.

Loosely bind off all sts.

Alternatively, you may also choose to use an elastic bind-off.

FINISHING DETAILS

Weave in all ends.

Wash the finished shawl and stretch it out. You do this by laying it on blocking mats, alternatively on towels, pulling it into shape and fixing it with pins. This way, the openwork pattern shows itself at its most beautiful.

Enjoy!
