PATTERN INFORMATION

Rainbow is a sweet mommy turtle and her babies crocheted in Honey Bunny. Have fun matching all of the babies and then store them inside the mommy when you're done!

Pattern is worked in the round.

This is a low sew pattern; the head of the turtle is the only part that needs to be sewn; all other pieces are worked directly into the body.

INFO AND TIPS

- Pattern is worked in continuous rounds, so you will not need to ch 1 at the end of the round unless instructed to. You can use a stitch marker to help mark the end of your round.
- Gauge is not important for this project since it is not worn, so adjust your hook size as needed to match your personal preference and yarn you're using.
- The "x whatever #" after the parenthesis indicates that you should repeat what is in parenthesis that many times. Example "(Sc, Inc) x3" would be the equivalent of "Sc, Inc, Sc, Inc, Sc, Inc".
- The number at the end of each round in parenthesis is the stitch count; it is how many stitches you should have in that round after completing all of the steps.

BABY TURTLES - HEAD

You will make 12 total heads *see photo R1 for reference*
Work with color A

Rnd 1: Mr 8 - (8)

Rnd 2-3: Sc around - (8) (2 rounds)

Rnd 4: 4dec - (4)

- Add the 8mm safety eyes between rounds 2 and 3 about 2 stitches apart.
- Stuff the head. You will not stuff the next 2 rounds.

Rnd 5-6: Sc around - (4) (2 rounds)

- Finish off leaving a long tail to secure to the head later.

BABY TURTLES - BODY

You will make 12 total bodies, 2 for each belly color in order to play the matching game. *See photos R2 & R4 for reference.*

Rnd 1: Mr 6 - (6) Work with color B

Rnd 2: Inc - (12)

Rnd 3: Sc around - (12)

Rnd 4: Working in the front loops only (*You may want to mark the back loop so that it's easier to find later*) - Sc around - (12)

- Finish off and weave in the ends
- For this next round you will be using the colors for the matching game as the belly color you will need to make 2 of each using colors C - H

Rnd 5: Use a Slst to attach the belly color; this does not count as a stitch and you will start working in that same stitch. To make this round easier I will break it down into sections.

- A. Fold the bottom of the head in half and line it up with the body. *See photo R3 for reference.*
 - B. Working through the left stitch of the head (both sides) and the back loop of the body and make a Dec (you should have half the head still unattached)
 - C. 4dec
 - D. Working through the back loops on the body and the other side of the head and make a Dec
 - E. Slst to the first Dec to made to secure
- Finish off leaving a long tail to close the gap at the bottom and weave in the ends.
 - Use the long tail from the head to secure it to the shell.

Now we will make the legs using color A

- **Front Legs:** Use a Slst to attach the yarn just behind the head, Ch 2, Slst in the second ch from the hook, Slst back to the body to secure. Finish off and weave in the ends. (Repeat this process to make the second front leg)
- **Back Legs:** Use a Slst to attach the yarn about 1 stitch away from the front leg, Ch 2, Slst in the second ch from the hook, Slst back to the body to secure. Finish off and weave in the ends. (Repeat this process to make the second back leg)
