Yarn Quality

 **Rainbow Bamboo**, Hobbii

Pattern Information

Tee is worked flat, beginning at provisional cast-on at centre front and working to right side body seam. Sts are transferred to waste yarn. Provisional cast-on is picked up at centre front and piece worked to left side body seam and sts transferred to waste yarn. Back is worked the same way, beginning with left back. Sleeve sts at front and back are transferred to needles. Each sleeve is worked in the round from live sts at armhole to lower edge of sleeve. Finally, live side sts at front and back are seamed with 3-needle bind off. Sts are then picked up around the neckline to finish.

NOTES

Double-Knit Hem

Lower hem of tee is double-knit, to create a facing that is worked at the same time as the main garment and requires no finishing. 12-stitch facing rows are indicated in instructions by letters, and full rows by numbers. "Row"/"Rows" in pattern instructions refers to full rows unless otherwise indicated; for example, "work 2 rows" = work two full rows including any intervening or subsequent facing rows.

As indicated in pattern, no facing rows are worked in yarn C. Facing presents as stockinette stitch with 4-row stripes in yarn B at WS of work.

Carrying yarn

Carry yarn A in rows 1-6 of charts. Carry yarn B in rows 3-4 of charts, cut to work yarn A again. Do not carry yarn C. Weave in ends as you go.

On Seams

Yarn and stitch pattern used for side seam depends on placement of stitch pattern at side seam, which depends on size worked.

Tee is deliberately designed with shoulder and side seams to provide structure. The 3-needle cast off at the side seams gives the stability of a seam with the ease of a cast off. The seams at shoulder and side help to prevent biasing, or the garment stretching out of shape over time.
