MAKING UP INSTRUCTIONS

Head

The safety eyes are positioned immediately below each of the ridges created by the placement knit stitches on Row 22.

Carefully push the stem of each safety eye through the loop below each placement knit stitch.

Place stuffing around each stem before pushing the plastic backing covers over the eye stems to hold the eyes in place.

Use the CO yarn end to gather the CO sts at the top of the head. Seam the back of the head for 4cm. Leave a 5cm gap for adding the stuffing. Seam the remainder of the head, neck and 5cm of the back. Leave a gap on the back for stuffing later. Change to white yarn and seam the underwear.

Feet and Legs

For each leg-With right sides together fold the foot in half. Oversew the upper BO gap to close the top of the foot. Next sew the Cast On sole edges together.

Turn the foot and leg right side out, mattress stitch the back leg seam. Stuff the foot and leg, leaving 1cm unstuffed at the top of the leg. Fold the leg top flat with the seam at the centre back, sew the edges to close the top of the leg.

Pin each leg into place on the body. Encase the top of each leg between the front and back of the body. Sew through all 4 layers to secure the legs in place. Make sure the feet are pointing forward!

Stuffing the head and body

Stuff the head, neck, and body firmly.

Final measurements around the widest point are –Head 30cm and Body 27cm.

Before sewing up the gaps tie a length of yarn firmly around the doll's neck at row 34. you can now adjust the stuffing to give the doll a nicely rounded head and sloping shoulders. Sew up the gaps in the head and back.

Arms

For each arm- with Wrong sides together, pull the C&T yarn to close the hand, secure the gather with 2 small stitches. Mattress stitch the arm seam. Stuff the arm leaving 3cm at the top unstuffed. Fold the arm top flat with the seam at the centre back and sew the edges to close the top of the arm.

Position the arms at the neck with the arm seams against the body and sew securely into place.

Mouth and Nose

As you begin to work with each length of yarn, tie a small knot in the end. Start the stitch at the back of the head, pull the yarn so that the knot disappears into the stuffing. After you have worked the last stitch, pass the needle through the back of the head twice to anchor the yarn. Then while pulling gently on the yarn snip, it off close to the head. The yarn end will disappear into the stuffing.

Using the illustration to guide you. Make 3 small stitches for the nose and position the stitches level with the bottom of the eyes making the nose 2 stitches wide. Use red yarn to make the mouth 4 rows below the eyes and 4 stitches wide.

Hair

Gather the CO edge at the top of the hair piece and sew the row ends together.

Pin the hair on the doll's head making a gentle arch around the face, leaving 6 rows for the forehead, and 5 stitches to the side of each eye.

Sew around the hair piece to secure it in place.

Bunches

Starting at the Cast on end sew the side seam of each hair bunch. Carefully stuff each bunch to maintain the pointed tip and create a plump main section. Pull the C&T yarn to close the hair bunch and sew one on each side of the doll's head just above the hair line.

Hair Bows

Make 2 cords

For each cord, cut a 1.5m length of yarn D. Hold the cut ends together and place your index finger in the loop of yarn. Keep the yarn taut between your hands, twist your index finger round and round clockwise to twist the 2 strands of the loop together. Keep twisting until the yarn starts to curl back on itself when you relax the tension on the cord. Fold the cord in the centre and bring the ends together, let go of the centre and let the cord twist together. Tie a knot at the end to prevent the cord from unravelling. Trim the knot close to the cord. Tie a bow around each bunch.

Pinafore dress

Fold the hem wrong sides together along the picot row (the row with holes).

With right sides together sew the back seam of the pinafore skirt from the hem to the bodice decrease R42. Turn the garment right side out.

Use the back buttonhole to guide you for sewing on the button.

Sew one button to each corner of the pinafore bib. Weave in loose ends.

T-Shirt

With right sides together sew the back seam of the T-shirt, stopping 4cm before the neck.

Turn the garment right side out.

Use the buttonhole to guide you in placing the button.

Weave in any loose ends.

Shoes

Fold the knitting with wrong sides together and row ends matching. Ladder stitch the BO edge of the shoe and also row ends at the back of the shoe together. Change to matching sock yarn and sew the sock back seam. Weave in yarn ends.

Use the photos to guide you for sewing on the shoe straps. Sew one end to each side of the shoe, add a button on the outside edge of each shoe.

Enjoy!
