## STITCH GLOSSARY

### Garter st

**Round 1:** K to end.

**Round 2:** P to end.

Rep rounds 1-2 for pattern.

### Latvian cast on

Start as for a long-tail cast-on, leaving a tail that is 3 - 4 times longer than the length of final cast on edge and with a slip knot.

Now place the tail over the left thumb and the working yarn over the left index finger. Hold the tail and the working yarn with the other left fingers.

You will alternate between a normal long-tail cast on st, and one picked up from the strand of your thumb slightly differently, as follows:

Cast on st 1 (traditional long-tail cast on): pick up the tail thread below your thumb, from front to back, then knit it with the working thread above, which is located over your index finger.

Cast on st 2: pick up the tail thread above your thumb, from below, then knit it with the working thread above, on your index finger. Switch the position of the thumb if necessary to make this st easier.

Repeat these two cast on sts until all the sts have been cast on.

### Yarnover Increases

Increases are worked as yarnovers on knit rounds. Close the yarnover on the following round by knitting or purling it through the back loop.
