MAKING UP INSTRUCTIONS

Body and head

The safety eyes are positioned immediately below each of the ridges created by the placement knit stitches on Row 37.

Carefully push the stem of each safety eye through the loop below each placement knit stitch.

Place stuffing around each stem before pushing the plastic backing covers over the eye stems to hold the eyes in place.

Gather the CO stitches at the base of the body. Sew the back and head seam, leaving the C&T section of the head open for stuffing. Stuff the body and lightly stuff the head. Tie a piece of matching yarn around the neck at row 25. Once the neck has been formed you can continue to stuff the head. Pull the C&T yarn to close the crown of the head and sew in the ends of the yarn.

Ears

Sew the CO and BO edges of each ear together, the knitting will naturally form a curved ear shape. Sew the ears on to teddy's head with 4cm / 1.5" between them.

Nose

Use a length of Black yarn to embroider the nose. Position the top of the nose level with the bottom of the eyes and make it 3 sts wide.

To make the mouth embroider an upside-down capital "Y" under the nose.

Arms

Pull the C&T yarn to close each paw and sew the arm seam. Stuff each arm and fold the arm flat at the BO edge so that the seam is at the centre back. Sew the BO edge shut.

Position the arms with the seams towards the body and just below the neck. Sew in place firmly.

Legs

With right sides together, fold the foot in half and sew the BO sole edge. Turn the leg right side out and ladder stitch the leg seam to the top of the leg. Stuff each paw and leg, leave the leg top open.

Position the legs at the base of the body, make sure the feet are facing forwards!

Sew around each leg top, adding a little more stuffing to ensure they maintain their shape.

Sweater

With right sides together ladder stitch the under arm and side seams. Turn the sweater right side out.

Put the sweater on the bear and fold back the collar and cuffs. See how cute they look:)

Enjoy!
