INFO AND TIPS

Woolly is a perfect project for leftover yarn. The little sheep is cute in all the colors of the rainbow.

How to secure ends

When securing ends from the legs, tail, ears and face: Thread the needle with the yarn-end and secure it by poking the needle all the way through the stuffed head or body, pull the thread lightly and cut it where it comes out.

How to work an i-cord

An i-cord can be created using a multiple of stitches. For this pattern we are working both a 3 stitch (for the tail) and a 4 stitch (for the legs) i-cord.

How to knit an i-cord:

1. Pick up 3 or 4 sts
2. Slide your stitches from one end of the DPN (or circular needle) to the other. Your working yarn will be coming from the 3rd or 4th stitch.
3. Knit those 3 or 4 stitches.

Repeat instructions 2-3 until your i-cord reaches the desired length.

Row 5: P all (12 sts)

Row 6: K all (12 sts)
