INFO AND TIPS

- Read the pattern before you start crocheting.
- Crochet in continuous, spiral rounds unless otherwise stated in the pattern.
- Stuff your amigurumi as you go.
- Always mark the beginning of each round or row using a stitch marker.
- Pattern has a beginner friendly level.
- When you close the piece or make ridges or bumps (bell pepper, pumpkin) be careful with pulling the yarn too hard, because it breaks easily.

SPECIAL STITCHES

Bobble stitch (bo) – Yarn over, insert hook into indicated stitch, yarn over and pull up a loop. Yarn over and pull through the first 2 loops. 2 loops will remain on the hook. Repeat the process one more time. You should have 3 loops on your hook. Yarn over and pull through all 3 loops.
Bobble stitch increase (boinc) – Make two bobble stitches into the same stitch.

Rnd 32: scdec x6 (6)

Fasten off and weave in ends.

You can leave the pepper as it is, but you can also give it a bit of shape. To do so, take a long piece of main colour and a long needle. Insert the needle through the centre on the bottom of our pepper. Bring it back up through the pepper between the green and mustard, then wrap the yarn around the outside of the pepper and insert the needle through the centre of the bottom again, pulling the yarn a little bit (not too hard, to avoid breaking the yarn). Repeat this process to create as many bumps as you like. I made three of them.

PUMPKIN

Body
With Toucan col. 09.
Ch25,
Row 1: hdc into the second chain from the hook and hdc into the rest chains down the row, ch1, turn (24)
Row 2: BLO, hdc in each stitch, ch1, turn (24)
Row 3 – Row 25: repeat Row 2 – 22 rows (24)
Fold our rectangle into a half, short sides together and join with the row of slst.

Cut the yarn, leaving a long tail.

Now turn the pumpkin inside out and using a needle sew a running stitch around the bottom opening to close it up. Pull it tight, fasten off and weave in ends.
Start stuffing a pumpkin.
Cut another long piece of yarn and sew up the top of the pumpkin in the same way as the bottom, add more stuffing if necessary, cinch the top closed and knot the yarn.
Do not fasten off. We're using the rest of our yarn to make a few ridges on the pumpkin. Insert the needle through the bottom of the pumpkin, wrapping the yarn around the outside and come out (through the middle of the pumpkin) to the top. Repeat the process to create as many ridges as you like.

Stem

Using Toucan col. 28.

Rnd 1: 6sc in MR (6)

Rnd 2: scinc x6 (12)

Rnd 3 – Rnd 4: 1sc in each stitch around - 2 rounds (12)

Fasten off, leave a long tail to sew the stem into the top of the pumpkin.

You can put a little bit of stuffing into the stem, before sew.

Enjoy!
