First, position the arms at both sides of the peppermint base and halfway up, making sure they are level with one another. Then sew on with the yarn tails and yarn needle, tying off and weaving in ends. Next, position the legs at the base of the peppermint body and slightly apart, using the photos as a reference. Sew on with yarn tails and weave in ends.

Finally, place the eyes in the center of the peppermint and in line with the arms, again using the photos as a reference for positioning. Sew on with yarn tails and weave in ends.

Enjoy!
