PATTERN INFORMATION

These baskets are inspired by the vichy fabric, a nice vintage chequered pattern but that always inspires. An homage to my country, France, and to my love of weaving.

Created with the Amigo Giga Yarn, for a soft and solid result, the pattern is very easy to make. You will crochet around a base, and after the first two rounds, you will repeat the same round over the whole height and turn after each round. This model is perfect for beginners who would like to learn or improve the technique of color changes, and carry Yarn. Photos for learning all of these techniques are included for these techniques.

sl st = slip stitches
inc = crochet 2 single crochet in same st/hole

INFO AND TIPS

You will start crocheting around a base.
After the first two rounds, you will repeat the same round over the whole height and turn after each round to work on the right and wrong sides.
Ch 1 at the beginning of a round doesn't count as a st.
You'll always close the round by slip stitching in the first st of the round. (see pictures)
Weave in ends as you go.

SPECIAL STITCH

A spike stitch is a regular single crochet but instead of working it into the st of the previous row, you'll work 2 rows below.

HOW TO CARRY THE YARN

To carry the Yarn you must crochet over the Yarn you want to carry. This is the result on the wrong side.

Insert hook in next st, the Yarn to carry above the hook. Grab the current Yarn with hook and finish the stitch as usual, working over the Yarn. The picture shows when you work on the right side. Hold the Yarn on the back of your work.

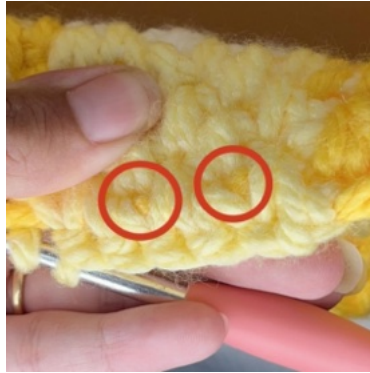

The picture shows when you work on the wrong side. Work as the right side but hold the Yarn on the front of your work.

HOW TO CHANGE COLOR

Pull lightly the Yarn you are carrying. Do not over-tighten or the circumference will shrink

This is to prevent the Yarn to be visible on the wrong side. Like here.

In the last st before changing color, insert hook, yo with current color and pull through

On the right side, place the current Yarn on the back of the work

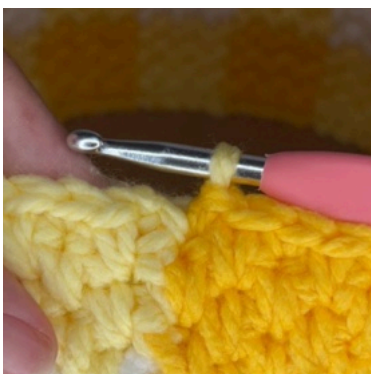

On the wrong side, place the current Yarn on the front of the work

Yo with the new color and pull through the 2 loops on hook

HOW TO CLOSE THE ROUND IN RS

Change Yarn on the last st of the rounds

Sl st in the first sc

Change to Yarn B by ch1 and turn

HOW TO CLOSE THE ROUND IN WS

Do not change color this time, work 1 sl st in the first stitch of the round

Then, ch1 and turn.

Enjoy!
