PATTERN INFORMATION

This capelet design is knit in the round from the top down beginning with a generous funnel neck collar (knit in the main color in Stockinette Stitch) that folds down to reveal Reverse Stockinette Stitch. The body of the capelet is worked in Stockinette Stitch like a seamless yoke sweater with three sections of increases beginning at the neckline, alternating sections of the circle colorwork pattern (in main color and contrasting color) and a skinny section in the main color. Each colorwork section is larger than the section before. The hem is worked flat on smaller needles in Garter Stitch with side slits to make wearing the capelet more comfortable. A schematic can be found at the end of the pattern.

Tips

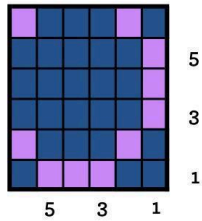

1. Use your chest circumference to determine which size to make. The sample shown in the pictures is the size M on a model with a 90 cm / 36" chest circumference. If you are concerned about how the garment will fit, do the following. Use a measuring tape and wrap it around your upper body so that it includes both your chest and arms. Compare this number to the hem circumference listed in MEASUREMENTS. There should be 12.5-25 cm / 5-10" of positive ease for comfort. The model is wearing the capelet with 17 cm / 6.75" of positive ease.
2. Change to longer circular needles when the stitches feel too scrunched on the needle.
3. Optional: Use a removable stitch marker to denote Row 1 of the colorwork chart. I usually place this stitch marker a few stitches to the left of the Beginning of Round marker so that it is easier to see and count the rows.
